MANY DEAD IN EAST ST. LOUIS RACE RIOT.

ESTIMATE NUMBER AT FROM 15 TO 75

FORTY INJURED NEGROES AND SIX WHITE MEN IN ONE HOSPITAL

Almost an Equal Number In Another—City Attorney Estimates Damage at $3,000,000—Buildings Still Burning—Several Companies of Guardsmen On Scene—Disorders Begin When Negroes Fire On Automobile Load of Police.

BULLETIN

EAST ST. LOUIS, Ill., July 3.—Early today (Tuesday) soldiers began search of the fire ruins for the bodies of negroes and several have been discovered. At one corner, it was reported, eight bodies were lying in the street riddled with bullets.

BULLETIN

EAST ST. LOUIS, Ill., July 3—At 1:30 a. m., the fires were under control and the rioters for the most part had disappeared. Five hundred are under arrest.

BULLETIN

EAST ST. LOUIS, Ill., July 3.—Another negro district in the south end of the city, known as "Reynolds Row", was reported burning at one o'clock this morning (Tuesday) thirteen houses were said to be on fire. The mob apparently has transferred its efforts to this section. This makes five negro quarters set ablaze during the night.

BULLETIN

EAST ST. LOUIS, Ill., July 3.—Adjutant General Frank S. Dickson arrived from Springfield and took charge of the race riot situation shortly after midnight this morning (Tuesday).

EAST ST. LOUIS, Ill., July 2.—The number of dead as a result of today's race riots, shortly after 11 o'clock tonight was veriously estimated at from 15 to 75, of whom two were white men. Forty injured negroes and six injured white men were in one hospital and almost an equal number in the other. City Attorney Thomas J. Fekete estimated the damage at $3,000,000, which was believed by some to be too high. Buildings were still burning at four different points in the city.

Another Fire Breaks Out

At 11 P. M., another fire had broken out in the extreme northern portion of the city where there is a negro section, and a smaller mob was searching for negroes. This brought the burning sections up to four which lighted the entire city with a lurid glare.

Colonel Tripp, assistant adjutant general stated shortly before midnight that the rioting crowds had for the most part dispersed. Nearly 500 negro men, women and children are quartered in the city hall and the police station.

At frequent intervals and until late tonight trucks were bringing negro refugees from burning sections to augment the cowering groups at the municipal building and the police headquarters where a strong guard of troops was stationed. Terror spread among the blacks at 10:30 P. M., when all the lights in both refugee buildings suddenly went out but the cutting off of the current was attributed to the destruction of electric wires in the downtown district.

Send Guard to "Black" Ridge

When a report came to Colonel Tripp that inhabitants at Brooklyn, Ill., a town entirely populated by negroes were moving on East St. Louis, he sent guardsmen to the "black" bridge to meet any attack that might be attempted. At the same time another detachment of soldiers was rushed to a building where negroes barricaded in upstairs quarters had been firing at soldiers standing guard in the street. At St. Mary's hospital it was stated about forty injured negroes had been brought in and that six white men were being cared for there. Almost an equal number of both whites and blacks were receiving care at the Deaconess Hospital.

The worst property damage was done along the tracks of the Southern railway company where the Southern warehouse and between 100 and 150 cars, many of them loaded with merchandise, were burned. The damage was estimated here at between $300,000 and $500,000.

The Broadway theater, valued at $100,000, was destroyed and at 11 P. M., the flames were gaining steadily. The efforts of the firemen were toward preventing the blaze from spreading to more important buildings.

Colonel Tripp stated at 11:20 that twenty three companies of militia would be in the city before midnight all but three companies of which were then on the ground.

Stringent regulations will be put into effect tomorrow to curb crowds that may gather. All traffic across bridges from St. Louis has been stopped.

Obtains Ghastly Amusement

The mob obtained ghastly amusement in the lynching of one negro. Two white men tied a rope around the neck of the black and started to pull him into the air. The rope broke and the white men fell flat on their backs. The crowd laughed. The negro dropped to the ground dead.

As three negroes were trying to escape from a burning building a mob caught them. One negro was hanged to a telephone pole and the other two were shot. The thre bodies were left lying in the street.

A mob of 300 armed men charged into the negro district nearly every member carrying a flaming torch. Before they could start a new blaze, however, two hundred guardsmen charged with fixed bayonets. The troops fired a volley over the heads of the mob which then dispersed.

A battle between whites and blacks broke out at the east entrance to the St. Louis Municipal Bridge. Guardsmen were hurried there and ended the combat. One of the white men killed tonight was standing beside a soldier when a bullet struck him. The shot apparently was intended for the soldier.

Kill Negroes Fleeing From Houses

At least fifteen negroes were shot and killed by mobs here tonight as they fled from their burning homes, which had been set on fire by white mobs. How many negroes may have perished in the burning houses will not be ascertained until morning when the ruins are searched.

Military rule was proclaimed at 8 o'clock tonight and at the same time 300 white men were arrested and locked up at police headquarters. Negro quarters in various parts of the city are on fire and the flames reached the very edge of the business district. The reason for believing lives were lost in the fires is that white men stood around the edge of the burning district and fired at negroes as they tried to flee from their homes.

Rescue Two Aged Negroes

An attempt was made to lynch an aged negro at the intersection of Fourth and Bond streets. He was strung up to a pole, but was rescued just in time to save his life. Militiamen rescued another aged negro as he was being dragged thru the streets.

At nine o'clock the mayor of East St. Louis sent for Fire Chief Swingley of St. Louis, Mo., to assist in fighting the flames, which threatened to destroy a large part of the city. A company of the St. Louis

ISSUE REGULATIONS FOR NEXT STEP FOR DRAFT

Exemption Regulations Add Little to Terms of Draft Law

Question of Whether a Man is Entitled To Exemption Because of Dependents, the Nature of His Occupation or Physical Unfitness Being for Boards to Decide.

Washington, July 2.—Preparation for the mobilization of the first contingent of 625,000 troops of the new national army advanced another step today when President Wilson promulgated the regulations to govern exemptions from military service. Local and appeal exemptions boards already have been appointed and the issuance of the regulations will permit them to organize immediately and prepare for the concluding phases of the task of getting the men under training for duty in France.

Three Steps in the Process.

In the order in which they must come there are three steps in the organization process of the national army prescribed by congress. There are registration, selection and exemption. The first step has been carried thru and approximately 10,000,000 men between 21 and 31 years old have been registered. The registrations issued today cover in detail the operation of the third step, exemption. Information concerning the second step in the series, however, is still lacking and officials are guarding closely the method by which selection is to be applied.

The exemption regulations announced that the boards will be advised of the selection process later, altho none of the steps prescribed except the organization of the boards can be carried on until the selection machinery has furnished the names of the men of whose fitness and desirability for army service the boards are to judge. There is one hint, however, as to how the selection machinery is to work.

The local boards are directed on organization to take over from the registration precincts the cards and lists of the men registered on June 5 and as their first duty to provide a serial number for each registration card. This has given support to the belief that the selection is to be by number. Reports were current recently that the selection drawing was to be made in Washington.

Expect No Serious Delay.

Presumably the process of selection will be announced only a short time before it is put in operation. When that will be is not known. September 1 has been the tentative date for calling the 625,000 of the first contingent to the colors for training. Progress with construction of the sixteenth divisional cantonments for the troops will govern that action, however. It is now believed there will be no serious delay.

The exemption process will not take a great deal of time. It is difficult to calculate the time the local boards will need in passing on the cases that come before them.

The regulations provide, however, that decision in any individual case shall not be delayed more than three days. The whole process probably can be carried thru in less than thirty days. The task of passing on the individual cases is left entirely to the local boards. While the president reserves the right to designate industries necessary for the public good the question of whether retention of any individual engaged in these essential industries is left to the boards.

While these steps are being carried out for getting together the men of the national army, the war department is making progress with the even more difficult task of finding officers for the force. Part of these will come from the sixteen officers' training camps. The first ten thousand of the 40,000 men at the camps will be selected for commission in the first increment of the new army. That is less than half the number of officers necessary.

Approves Recommendation.

The war department approved today recommendations of commanders of regular regiments which will commission 3,000 or more regular non-commissioned officers to be captains or lieutenants in the first 625,000 of the National army. It is understood that more than fifty men from each regiment in addition to those now at the officers' training camps will be given commissions for the period of the war.

A trained and experienced regular officer will command each regiment of the national army. To aid him he will have several other regular officers experienced in particular lines, such as his adjutant, at least one major, his ordnance and quartermaster officers and some others. The remainder of the officers will come from the reserve lists, the training camps or the ranks of the regular service.

JOSEPH B. BATES DIES.

Bloomington, Ill., July 2.—A message from New York tonight announced the death in a hospital there of Joseph B. Bates, for 34 years editor of the Bloomington Pantagraph.

Joseph B. Bates, editor of the Bloomington Pantagraph since 1883, died at a hospital in New York City late Monday night. He had been in failing health for several years. He was born in Morgan county, Illinois, January 11, 1841. He leaves a widow and four children. Mr. Bates was a graduate of Knox College, Galesburg.

RUSSIANS TAKE 10,000 GERMANS

Capture Village of Koniucky and Strongly Fortified Brzezany Positions

KERENSKY LEADS ARMY

Russ War Minister States Offensive Proves To World Its Fidelty to Revolution

GREEK WARSHIP SUNK

Prisoners exceeding 10,000 and capture of Koniuchy and strongly fortified positions southwest of Brzezany are the first fruits of the new offensive movement of the Russian forces in eastern Galicia. North of Koniuchy the Russians have attacked and fresh battles are in progress.

Artillery Plays Important Part

The Russian artillery, long inactive from lack of shells, played an important part in the defeat of the Austro-Germans at Koniuchy. For two days a rain of iron was thrown into the German positions, and Berlin says officially that they were turned into a crater field. The Russians not only carried three lines of German trenches and Koniuchy, which was strongly fortified, but also advanced to the Koniuchy stream south of the village which is on the Zlota Lipa river.

Around Brzezany the fighting was most bitter, and Berlin claims that sixteen Russian divisions were thrown forward. The Russians carried the fortified Teuton positions at several points, in face of a desperate resistance by Austrian, German and Turkish troops.

Kerensky Personally Leads Troops

Minister of War Kerensky personally led the Russian revolutionary army in its forward movement and in a message to Premier Lvoff says that the offensive "proved to Russia and the entire world its fidelity to the revolution and its love for liberty and country."

The premier has authorized Minister Kerensky to give the regiments which participated in the fighting of July 1, red revolutionary flags and the name "regiments July first."

On the western front there has been little marked activity. Both the British and Germans have carried out raids in the area around Lens and northward. On the Aisne front between Cerny and Ailles, the French have regained a line of trenches from the Germans after spirited fighting.

Austrians Attack Italians

In the Trentino south of Riva the Autsians have attacked Italian positions between Lake Garda and the Ledro valley. Rome reports that all the Austrian efforts were checked without loss.

President Wilson has promulgated the regulations to govern exemptions from service in the new national army of the United States. This marks another step in the preparation for the mobilization of the new army and will permit the local and appeal exemption boards to organize immediately for their important work.

The Greek destroyer, Doxa, manned by a Franch crew, has been destroyed in the Mediterranean sea by an explosion. Twenty nine members of the crew, including all the officers, were lost.

AMERICAN TROOPS TO PARADE IN PARIS

PARIS, July 2—It was decided today to parade one battalion of the United States army in Paris on July 4th. The American troops will arrive here on the morning of the third. They will be quartered in the Grand Palais while the officers will be entertained at the Military Club.

On the morning of the fourth a French band will serenade General Pershing, playing ptariotic airs out side his mansion window. Afterwards the general will be the central figure in a commemorative ceremony at the invalides, where he will be presented with a pennant by the Society of Cincinnati of France and also with a lace flag donated by the town of LePuy, Haute-Loire.

The American troops headed by an escort of 30 French soldiers will afterwards march to the Pichpus cemetery where speeches will be made at the tomb of Lafayette.

The American troops' participation in the celebration was requested by the French authorities.

BANDITS ROB CASHIER

Chicago, July 2.—C. Beard, cashier for the National Tea and Coffee Company was held up by five bandits and robbed of between $1,000 and $20,000 today. The men escaped in an automobile. The money represented the Saturday receipts of a large number of branch stores.

BAKER'S ACTION WILL NOT AFFECT AGREEMENT

Coal Committee Will Hold Operators To Price

To Put Sentiment in the Industry Behind the Arrangement—Threatened Trouble in the Cabinet over Secretary Baker's Action Has Apparently Vanished.

Washington, July 2.—Repudiation by Secretary Baker, it was announced today at the offices of the defense council's coal production committee will not affect the agreement between producers and government officials for the reduction of bituminous coal prices. The general price at the mines of $3 a ton to the public with a 50 cent reduction on government purchases will still hold until a final figure is set. The coal committee it was declared will hold operators to their agreement by putting the weight of sentiment in the industry behind the arrangement. The threatened trouble in the cabinet over Secretary Baker's action apparently vanished today tho the question it has brought sharply to the front, the policy the government will pursue in dealing with the business, is still a matter to be settled.

Secretary Lane, the leading spirit in the movement for the voluntary action on the part of the coal operators, and Secretary Baker lunched togethey today and it is understood the incident was discussed and that there is no ill-feeling over it. Earlier in the day Secretary Baker had issued a statement denying that there were any differences of opinion between Secretary Lane and himself over the reduction in th price of coal. He said his letter to Director Gifford of the Council of National Defense approving the agreement was written to prevent a popular misconception of what was going on in the coal situation and to make clear that so far as the government was concerned no price would be fixed until production costs were determined by the federal trade commission.

BELGIAN MISSION GUEST OF CHICAGO

CHICAGO, July 2—Belgium's war mission brought the gratitude of a stricken nation to Chicago today and in the hands of the city's reception committee met a welcome that gave them hearty assurances of the middle west's regard for the country that stood the brunt of the first attack of the German army in 1914.

It was the first stop of a trip that will last several weeks and extend to the Pacific coast.

In a day every minute of which had been provided for the mission made time for a visit to Lincoln Park where they stood some time in tribute to two Americans, Abraham Lincoln anl General U. S. Grant, standing before the statues which the people erected.

Baron Moncheur made but one brief speech during the day. At a luncheon he resopnded to the welcome of the reception committee by picturing the regard of the Belgian government for the aid that had come from the United States. Tonight the mission was given a banquet.

Particular interest is attached to their visit tomorrow to Milwaukee and Green Bay, Wis., in which smaller city there is a Belgian colony of almost 15,000. From Green Bay, the mission will go to St. Paul and Minneapolis.

COMPLETE DRAFT OF WAR TAX BILL

WASHINGTON, July 2.—A final draft of the war tax bill, reduced from $1,800,000,000 to $1,670,000,000 and carrying no provision for additional bonds, was completed tonight by the senate finance committee and will be reported to the senate tomorrow.

Next year's war expenses are placed in new estimates submitted today by the treasury department at $2,326,000,000 but Secretary McAdoo advised the committee that additional bonds were not necessary at this time.

The committee today approved increased taxes on "swollen" excess profits to raise $18,000,000 additional revenue. It increased the maximum graduated tax on such profits from 40 to 50 per cent, levying 40 percent on excess profits between 150 and 200 per cent, 45 per cent on those between 200 per cent and 250 per cent and 50 per cent on those over 250 per cent. These amendments would levy in all $748,000,000 on excess profits, or $523,000,000 more than at the present rates.

HINDENBURG IN AUSTRIA

Berlin, via London, July 2.—Official announcement is made that Field-Marshal Von Hindenburg and General Von Ludendorf, quartiermaster-general, have arrived at the headquarters of the Austro-Hungarian army, thus returning the visit which the Austrian Field Marshal Arthur Arz Von Straussenburg made to the German headquarters March 11. Conferences will be held at Vienna later.

START TRAVELING MOTOR RECRUITING OFFICE

Chicago, July 2.—A traveling motor recruiting office started on a trip through northern Illinois to enlist men for the navy.

DISCLOSE CONSPIRACY TO HINDER SHIPPING

Government Agents Conduct Secret Investigation

Plot, Engineered by Germans Assisted by Sympathizing Americans, is Believed to Have Been Responsible for Sucession of Accidents to Lake Shipping.

Washington, July 2.—Secret investigation by government agents has disclosed the existence of a conspiracy to destroy or hinder shipping on the great lakes, and thereby delay organization of American war armies and check the flow of food and munitions from the western states to the Atlantic coast.

No conspirators have been captured and the identity of none has been made public but it was learned today that the state, navy and justice departments are co-operating to bring the offenders to punishment and that the Canadian government probably will be called on to help. This plot, engineered by Germans assisted by sympathizing American citizens, is believed to have been responsible for the succession of accidents to lake shipping, especially in the neighborhood of the Sault Ste. Marie canal, which began about a month ago.

The official investigation has made it certain that some of the acts of sabotage committed on American shipping and misplacement of channel buoys and tampering with canal locks have been done by persons who found refuge, when pursued, behind the numerous islands and the narrow waterways on the Canadian side of the boundary.

LOSE PRIVILEGE OF CHOOSING BRANCHES

Chicago, July 2.—Men who delayed volunteering for service in army have lost the privilege of choosing the branches in which they will serve. Notification was received here today by the army recruiting office that all men enlisted hereafter be signed for the infantry only. While they may not elect to go into the cavalry or field artillery, the order in one way works to advantage of the recruit in that they will enter the service in which promotion is most certain and rapid.

STATE OFFICERS TAKE OATH.

Springfield, Ill., July 2.—State officers who assumed their duties when the new Illinois administrative code became effective yesterday were administered the oath of office in the office of Secretary of State Emmerson today. The law required that each furnish a bond of $10,000. Governor Lowden spoke briefly to the nine department heads, his own appointees.

CALL FOR OFFICERS.

Fort Sheridan, July 2.—Call for 400 provisional lieutenants for immediate service in the regular army was made today by the war department on officers commanding the training camp here. Men between the ages of 21 and 27 are desired. Application blanks, distributed tonight among the men here are expected to be returned by more than the desired number judging from the excitement created by the chance offered for early service abroad.

SETS CHARGE FOR FIRE PROTECTION

Springfield, Ill., July 2.—For fire protection service in the city of Kankekee, Ill., the state public utilities commission today authorized the Northern Illinois Water company to fi a service charge of from $1.48 for two inch pipe to $8.88 for twelve inch pie per m onth and to fix a usage charge of $1.39 a month for one inch pipe to $2.59 for twelve inch pipe.

DISMISSES COMPLAINT.

Springfield, Ill., July 2.—The state public utilites commission today dismissed the complaint of the Illinois Division of the Travelers' Protective Association of America against the A. T. & Santa Fe as to excess baggage rates. The camplainants objected to the charge of 15 cents per 100 pounds excess baggage. Travelers are now allowed to carry 150 pounds of baggage without extra charge.

LOAN ENGLAND $25,000,000

Washington, July 2.—Twenty-five million dollars was placed to the credit of Great Britain today by Secretary McAdoo, bringing the loans to that nation up to $585,000,000 and the total loaned all the allies to $1,043,000,000.

ORDERS TELEPHONE CONNECTION

Springfield, Ill., July 2—The state public utilities commission today ordered the re-organization committee of the Western Illinois Telephone company of Macomb and the Farmers' Bushnell Telephone company to continue physical connection between subscribers in the city of Bushnell.

YATES GETS POSITION

Springfield, Ill., July 2. Richard Yates, former governor of Illinois and until yesterday a member of the state public utilities commission, today was appointed by Attorney General Brundage to ap iace on the attorney general's force. What duties will be assigned to him were not announced.

TAKE FORMAL STEPS TO LIMIT DEBATE

Controversy in Senate Over Food Control Reaches an Acute Stage

OFFER CLOTURE MOTION

Movement Comes After Senate Adopts Section Extending Government Control

PROHIBITION SKIRMISH

WASHINGTON, July 2.—Controversy in the senate over the food control and its prohibition feature reached such an acute stage today that formal steps were taken by administration leaders to limit debate and force a final vote this week, by invoking for the first time the senate's new cloture rule.

Chamberlain to Offer Motion.

Within a half hour many more than the necessary sixteen senators signatures to a cloture motion were secured. Senator Chamberlain in charge of the bill announced to the senate later that he would offer the motion tomorrow and ask for a vote on it on Thursday. Its adoption would require a two thirds vote and thereafter would limit each senator's time on the bill and all amendments to one hour.

The movement for use of the cloture rule, adopted after the filibuster last winter on the armed neutrality bill, came after the senate had adopted the section by a vote of 42 to 16 extending government control, in addition to food and fuels, to iron and steel, copper, cotton, wool, hides and skins, lead aluminum, fertilizers, farm implements, hemp and other binding twine materials and their products. A skirmish on prohibition occurred for half an hour just before the senate recessed tonight to meet an hour earlier than usual tomorrow. The "wets" and "drys" clashed when Senator Penrose opposing any attempt at cloture, suggested that prohibitions friends had been delaying action. Senator Jones of Washington denied the charge and asserted that the delay has been caused by prohibition opponents. Senator Sheppard asked unanimous consent for a vote tomorrow on the liquor question but Senator Penrose objected.

Open Prohibition Dispute.

The dispute over prohibition was opened anew by the action of the agriculture committee in approving 6 to 5, an amendment by Senator Gore proposing that manufacture of distilled spirits shall be prohibited and the president given power to suspend the making of beer and wines. The committee rejected 3 to 4, the so-called "administration compromise" plan of Senator Chamberlain limiting prohibition to distilled beverages without any action regardng malt and vinous intoxicating liquors.

Leaders of both wet and dry factions tonight were predicting victory in the prospect fight in the senate over empowering the president to deal with light beverages. The prohibition fight is not scheduled to reach the senate floor until late this week.

CHICAGO BARBERS STRIKE

Chicago, July 2.—Barbers in down town shops were ordered out on strike today. They demand wage concessions and shorter hours from master barbers. Members of the union declared several thousand chairs would be vacant today because of the strike.

SENTENCE BELGIAN LABORERS

Amsterdam, July 2.—News received here from Germany says that an extraordinary war tribunal has been instituted and began by sentencing two Belgian laborers to five and three years penal servitude for treason. Another workman received six years and several male and female workers imprisonment for from two to eight months.

E GOVERNMENT OULD PAY.

And talking about the coal bars and prices, can anybody explain ay the government should buy al at a lower price than the pubic? If coal operators are forved to ell the government coal at prices hey think below a profitable level, they are sure to charge up the difference to the consuming public. There is something wrong about the idea of having the coal operator or the manufacturer sell to the government at one price and to the public at a higher one.

CARING FOR SOLDIERS.

The Springfield Record tells of some real patriotic work done by Springfield women. At least fifty members of the 6th regiment were entertained at Sunday dinner in fifty Springfield homes. The boys were thus extended genuine hospitality and were made to feel the interest that the folk has in them. As the Record points out, too many people are content to preach to and lecture the soldiers and warn them against all kinds of evil.

The Springfield women exerted their good influence in a different way by giving these soldiers a touch of home atmosphere, emphasized by a square meal. It is a safe guess that every one of those soldier dinner guests returned to camp with more firmly grounded ideas of right living than he had before.

CANADA TALKS AT CONSCRIPTION.

President Wilson has just announced some of the draft rules in connection with the U. S. registration law, showing that the machinery is moving rapidly. It will not be long until the names of the million and a half of American soldiers will be drawn and the work of selecting the first troops under the law to enter the service begun. This condition is in strong contrast with Canada, where a fight is in progress over this very fact of conscription. The hundreds of thousands of troops that Canada has sent to England have been chosen by the volunteer system and it is because enlistments have not been coming in rapidly enough that the conscription plan is now being urged, and in some quarters vigorously opposed.

It is said that riots may be expected in some parts of the country if the conscription law becomes a fact. The contrast at this point is greater still, for in this country the conscription law was passed almost by unanimous consent and demonstrations made against it when registration day actually came were infinitesimal by comparison with our population of 110,000,000 people.

READY FOR ARMY SERVICE IN MISSOURI.

In several counties in Missouri a strange disease is rampant which has afflicted a large percentage of the population. Yet in one of those counties the past week the people found the time and opportunity to recruit two companies of infantry which will be a part of the sixth Missouri regiment. The two companies were raised in less than forty-eight hours. The record is a testimonial of the loyalty and patriotism of the people in that locality. Perhaps the story that agents of the kaiser had scattered the germs which caused the epidemic had something to do with the rapidity in which they organized for war.

This is not intended to take away from the patriotism shown for Missourians are always ready to fight when their rights are involved.

RED, WHITE, AND BLUE BOOK.

The Red, White, and Blue Book, "How the War Came to America," has been issued by the Committee on Public Information at Washington. It is of special interest to holders of liberty bonds, as they are assisting in financing the war. It is a document all students of this country's affairs should read.

Its contents are 23 pages of introductory historical matter, with the address of President Wilson to the Senate on January 22, 1917, and his address to the joint session of the Houses of Congress on April 2 announcing the severance of diplomatic relations with Germany and asking that a state of war between the United States and Germany be recognized. An article from the government printing office gives the following facts about the book:

The traditional policy of the United States, always strictly adhered to, in abstaining from any entangling alliances and participation in European controversies is set out ably, with citations of incidents and documents in proof.

The position of the United States in the summer of 1914 is summarized as follows:

"1. The Monroe Doctrine.—We had pledged ourselves to defend the New World from European aggression, and we had by word and deed made it clear that we would not intervene in any European dispute.

"2. The freedom of the seas.—In every naval conference our influence had been given in support of the principle that sea law to be just and worthy of general respect must be based on the consent of the governed.

"3. Arbitration.—As we had secured peace at home by referring interstate disputes to a Federal tribunal, we urged a similar settlement of international controversies. Our ideal was a permanent world court. We had already signed arbitration treaties not only with great powers which might conceivably attack us, but even more freely with weaker neighbors in order to show our good faith in recognizing the equality of all nations, both great and small."

The attitude of this country towards Germany and the other nations at war is evidenced by the President's proclamation of neutrality and its reception by the people. Questions which arose between the entente allies and the United States involved only property and property rights and were covered by arbitration treaties. Questions that arose between the Teutonic allies and this country involved irreparable loss of life, and through their refusal to make arbitration treaties were not subject to compulsory arbitration.

The course of the imperial German Government in this country and in Mexico and other countries of this hemisphere, its deceit, secret machinations, and overt acts of hostility are reviewed and the patience and the forbearance of the President and the American Government demonstrated.

The pamphlet summarizes the events leading to the entrance of the United States into the war with Germany. The exact condition of affairs at the time of the delivery of the President's war message is set out and the course of the President and the nation justified by the recital of facts now known to all.

The revolution in Russia, it is said, made the course of the United States much plainer and converted the whole conflict into a real struggle that the "world must be made safe for democracy."

Keeping Trim.

Though subjects great engross my mind, when I'm not at my daily grind, I don't forget the simple chores which lend a charm to out-of-doors. I gather can and demijohn and other rubbish from the lawn. I paint the pump and sweep the drive, and show the neighbors I'm alive. When wild exictement fills the air, and men are talking everywhere of Mars and his famed wrinkled front, we oft neglect the useful stunt. We are too prone to stand around, before the jail or village pound, and tell the captains and the kings how they should run the war, by jings. We cannot govern war's events, by piffling talk, worth twenty cents. So when at divers times I feel inclined to make impassioned spiel, I check myself before I start, and keep the discourse in my heart. I'll let the captains run the scrap—they're better qualified, mayhap. My spuds are needing Paris green; punk worms attack the pea and bean; and better service I will do by kiling off the noxious crew, than if I stood around all day and sprung hot air about the fray.

THIS DATE IN HISTORY

July 3, 1849—Cholera in Quincy. The Quincy Herald of the 3d says: "We have no means of informing our readers in town or country of the number of deaths from cholera during the past week. There has, however, we presume, been no falling off from that of the last two weeks previous."

HOUSE NEAR SINCLAIR BURNS.

The five-room dwelling of Mr. and Mrs. Crit Hainline, three miles east of Sinclair, was burned early Monday evening as the result of a fire which started from an oil stove in the summer kitchen. So rapidly did the flames spread that no time was given for the rescue of household goods. It is said that Mr. Hainline carried some insurance on this building, which, tho old, was well preserved. The stove had not been turned out, evidently, when the preparation of supper was finished and the first the family knew the summer kitchen was almost gone

MR. T. B. OREAR DIED AT EARLY HOUR TODAY

Well Known Resident of Jacksonville Passed Away After Several Weeks of Serious Illness—Funeral Arrangements Not Announced

Death came about 12:30 o'clock this morning to Mrs. Thomas B. Orear at Our Savior's hospital. For a number of weeks past Mrs. Orear has been at the hospital and altho her condition was at times improved, her friends all along have understood the seriousness of her condition. For more than a year past Mrs. Orear had not been in normal health and six weeks ago she contracted a severe case of tonsilitis and her system was not able to resist a resulting infetcion. A specialist from St. Louis came several weeks ago to advise with the local physicians about her case but his report gave no basis for expecting recovery.

Mrs. Orear's maiden name was Sallie Browning and she was the only surviving member of the family of the late Mr. and Mrs. Marcus Browning, for years well known residents of this city. Mrs. Orear came to Jacksonville with her parents from Kentucky as a young woman and the greater part of her life was spent here. About ten years ago the deceased became the wife of Judge Thomas B. Orear and the old family home on Mound avenue became their home.

Hospitality was one of the dominant characteristics of Mrs. Orear and guests at her home ever met a welcome indicative of her southern lineage. A woman of unusual heart, she was intense in her friendships and willing and ready to make any sacrifice for those she held dear. The years of her life were marked by many benefactions, and she extended to the poor and needy not only money and supplies but gave them also of the warmth of her friendship, extending the kindly hand to many.

At a comparatively early age Mrs. Orear became a member of Central Christian church and her devotion to that organization has continued thru the years. Pastors of that church were always welcome at her home and they and their families were frequently invited guests. Mrs. Orear was preceded in death by her two brothers, Marcus Browning and D. Rees Browning. She is survived by her husband, Thomas B. Orear and leaves also a large number of relatives here and in Kentucky.

The remains were removed from the hospital to Reynolds' undertaking establishment and announcement of the funeral will be made in a later issue.

MATRIMONIAL

Sims-Branum

A pretty home wedding took place last evening at the home of Mrs. Jeanette Branum, 612 South Fayette street, the principals being Nathan Sims and Miss Leona Branum. The wedding was a quiet affair only a few intimate friends of the family being present. Paul Blue was best man and Miss Bertha Trumbo bridesmaid. The ceremony was suitably performed by Rev. M. L. Mackay, after which a time was spent socially. Mr. and Mrs. Sims will reside in the city.

Ruebsamen-Turner

Miss Ona Turner of Beardstown and Charles Ruebsamen of Vanada, Mont., were married Thursday, June 30, at Forsyth, Mont. They will at once begin housekeeping on a farm near Vanada. The bride, who is a daughter of Mr. and Mrs. John Turner of Beardstown, has taught school near Prentice and is quite well known here. Mr. Ruebsamen is a son of Carl Ruebsamen, now deceased, formerly a resident of Harvard, Nebr.

Brockhouse-Rigg

The marriage of Miss Mary B. Rigg of Chapin to Henry B. Brockhouse, also of Chapin, took place in St. Louis Saturday at the parsonage of the First Christian church, Rev. W. D. Pittman officiating. After a brief stay in St. Louis Mr. and Mrs. Brockhouse will be at home after July 14 on a farm near Chapin. The bride is a daughter of Mr. and Mrs. W. H. Rigg and she and Mr. Brockhouse are both well and favorably known in the community where they are to live.

Social Events

Celebrated Wedding Anniversary

Relatives of Mr. and Mrs. Thomas C. Reynolds gave a surprise for them Monday night, when they drove to the Reynolds home to help them celebrate their forty ninth wedding anniversary. Mr. and Mrs. Reynolds have spent nearly all of their wedded life on the home farm, Clearview, located a few miles southVeast of Jacksonville. Mrs. Reynolds' name before marriage was Miss Carrie Trabue, so that both the bride and groom of forty nine years ago were members of well known Morgan county families. The uninvited guests took supper with them last evening and the occasion proved one of very great pleasure. A number of gifts gave special indication of the high regard in which Mr. and Mrs. Reynolds are held. They have three children, all residents of Morgan county, Mrs. Fred Hembrough, Mound avenue, this city; Mrs. James B. Wood, residing in the Pisgah neighborhood, and Ed J. Reynolds of the Asbury neighborhood.

The company included Mr. and Mrs. Walter Rice, Mrs. Richard Reynolds, Mr. and Mrs. Fred Hembrough, Wallace Hembrough, Mrs. Ralph Reynolds, Everett Reynolds, Merle Reynolds, Howard and Homer Reynolds, Francis Reynolds, Mrs. James B. Wood, Mr. and Mrs. Ed J. Reynolds, Lynford, Raymond, Mildred and Virginia Reynolds.

Birthday Surprise for Miss Thelma McDonald

The home of Miss Lena Colburn, 223 Edgmon street was the scene of a happy and successful surprise last evening. The young lady planned a surprise for her intimate friend Miss Thelma McDonald whose seventeenth birthday took place yesterday and Miss Colburn and a number of young friends decided to observe it in a suitable manner. The young victim of the plot was invited over to make just a friendly call and in due time the young folks walked in and took her completely by surprise and very happily too. The evening was pleasantly spent in various ways and nice refreshments were a feature of the occasion, Miss Helen Smith serving ice cream in a very acceptable manner. The whole affair was admirably well planned and well executed and the young lady in whose honor it was gotten up was both surprised and delighted.

Onken-Butcher.

From Brookline, Mass., comes announcement of the marriage of two young people well known in Morgan county, Miss Irene Butcher, daughter of the late Rev. W. R. Butcher, and Harry Onken of Chapin. Mr. and Mrs. Onken plan to be at home after Sept. 1 in Chapin.

Rev. Mr. Butcher was for a number of years pastor of the Congregational church at Joy Prairie and it was there that the friendship between the young people began. The family also resided at Woodhouse, where Rev. Mr. Butcher was pastor. The bride is well known in Jacksonville, having attended school here and her many attainments and talent are well known to those who have made her acquaintance. The groom is from one of the county's most highly respected families, a young man of thorogoing ability, well deserving success. The young people will receive the congratulations of friends on every hand as they begin married life under conditions so happy.

Philathea Class Has Annual Picnic.

The annual picnic of the Philathea class of First Baptist church was held at Nichols park Monday evening. The party went to the lake at 6 o'clock, accompanied by Miss Spires, teacher of the class. After the picnic supper, there was a business session and the election of officers. Three short talks were made, Mrs. H. J. Buland, speaking on the past of the class; Miss Spires discussing the present and Miss Martis, the future. The officers chosen:

President—Miss Bernice Martis.
Vice president—Miss Osborne.
Secretary—Miss Lois Higgins.

CHAPIN HORSE SHOW TO BE HELD IN AUGUST

Plans Made at Recent Meeting—Many Attended Funeral of Mrs. Onken

Chapin, Illinois, July 3—The Chapin Horse Show and Fair organization met on Saturday, June 30, and decided to hold their second annual show at Chapin the latter part of August. We solicit all entries and urge those who have entries to get them ready at once. The show will be in connection with the Chapin Fish Fry and all efforts will be put forth to make this a big day in Chapin. Watch for date.

Miss Nannie Campbell of Lynnville spent the week end in Chapin, the guest of Mrs. Grover Smith.

Miss Verla Baker was a guest of Miss Myra Anderson Sunday.

The funeral services of Mrs. John Onken were held at the Onken residence at 1 o'clock Sunday afternoon, the Rev. J. E. Herbert of M. P. church officiating, and Rev. L. Hadaway of Christian church assisting.

Mrs. H. O. Smith, Mrs. Fred Eiler, Mr. M. Funk, Mr. H. Perbix, with Miss Helena Markham at the piano, furnished the music. The many beautiful flowers were cared for by the following flower girls: Misses Lucille and Isabelle Fox and Johanna and Gertrude Onken. The pall bearers were Messrs. G. A. Allen, H. O. Smith, H. Tucker, Elmer Sidles, E. H. Nienhueser, J. M. Fox.

The sympathizing friends and relatives filled the house and many had to stand in the yard. Interment was made in Diamond Grove cemetery at Jacksonville.

Out of town relatives present were Messrs. Frank Burnham, Bert Burnham, Ed Burnham, Ami Burnham, and Mrs. B. Clugston of Dodsville, Ill.; Mrs. B. Kenrall of Chicago; Mr. Neil Carpenter of Broadhead, Wis.; Mrs. H. D. Cooper, Chicago; Mr. and Mrs. O. H. Coultas and daughter Natalie of Peoria; Mr. and Mrs. S. E. MANY DEAD IN EAST ST. LOUIS RACE RIOTS

(Continued from Page 1.)

fire department started to East St. Louis but was ordered back by Chief Swingley.

The mobs in East St. Louis were swelled by hundreds of persons who early in the evening crossed the river from St. Louis, Mo. This added such a menace to the situation that at 8:30 o'clock the bridges were closed to all vehicle and pedestrian traffic. As soon as street car traffic ended, crowds crossed the Eads bridge into East St. Louis. Automobiles were halted by members of the Missouri National Guard who are on duty on the Eads bridge; and those that could not show a good reason why they should be permitted to cross were held on the St. Louis side. Hundreds of negro women, most of them carrying bundles that held their most precious belongings and leading small children, walked slowly across the bridge to shelter on the Missouri side.

Put More Vigor Into Work

Telephone wires had been cut early in the evening by the fire department as telegraph and telephone poles caught fire, other wires went down. After military rule had been proclaimed the soldiers put more vigor into their attempts to quell the mob. S. O. Tripp, assistant adjutant general of Illinois announced that any person arrested by the troops would not be turned over to the police.

Seventy five white men attacked a negro in front of a drug store and attempted to drag him to a pole, beating him as they pulled him along. The troops charged the mob with fixed bayonets and the rioters scattered. Before the troops arrived the negro was shot twice.

With this show of force the rioters in part quieted down. Troops stood guard at all corners and kept the crowd moving. Many persons were advised to go home. At 8:30 o'clock fires broke out in the district known as the "Valley." This fire came periously near to the railroad yards of East St. Louis.

At nine o'clock four negroes were shot by snipers.

At ten o'clock it appeared as if the valley district was doomed to destruction. This is the third large area to be burned. The property damage will reach thousands.

Negroes Fire on Police.

The disorder, which began when a mob of 200 negroes fired on an automobile load of police last night, killing one, reached climax in the broad daylight this morning. In this outbreak, three negro men and one white man were killed, two white men and two negroes were shot and 23 others so seriously beaten and stoned that they were taken to hospitals.

With the saloons closed and street car service stopped tonight by order of the authorities, national guardsmen began escorting truck loads of negroes across the river to Missouri. When the rioting reached it climax girls joined with the men in stopping street cars in the heart of the downtown district, dragging out every negro on whom they could lay their hands.

Until the white women began to participate negro women and girls had seemed immune from attack, but when this occurred, negresses were terrorized and attacked.

As the rioting downtown progressed undertakers lined their wagons by the curb, ready for the expected call to haul away the dead.

Stray Bullets Hit Whites.

The white men who were shot and the one who was killed were victims of stray bullets. Sixteen guardsmen were disarmed by members of the mob who calmly asked the soldiers to give them the weapons lest the guardsmen hurt some one in the mob.

Mayor Mollman ordered the saloons closed at 12 o'clock today and it was hoped that this measure would prevent any serious outbreak tonight. At three o'clock the police and guardsmen began moving negro men, women and children out of East St. Louis to St. Louis, Mo., in order that they might be out of danger during the night. The negroes were taken across the Mississippi river bridges in automobile trucks. None of the automobile trucks were molested.

The guardsmen, according to Major William lauser, patrolled the streets with loaded rifles, but were under instructions to confine their aggressive measures to bayonet. During the rioting of the afternoon no member of the mob was seriously hurt by a guardsman and the outbreaks continued in the heart of the city despite warnings of the police and the national guard officers. The immediate cause of the rioting today was the outbreak late last night, but for several days there had been evidences of ill-feeling and on Saturday night several minor clashes between whites and blacks occurred. The clashes Saturday night apparently alarmed the negroes or at least gave agitators a chance to organize the blacks for fighting.

Greet Officers with Volley.

When word was telephoned to police headquarters early this morning that the ringing of a church bell had called armed negroes together an automobile loaded with police left for the scene. The officers were greeted with a volley. Detective Sergeant Coppedge was killed and three policemen were wounded. One, Detective Frank Wodley now is in a hospital in a critical condition. He was shot in the stomach. The police chauffeur also was wounded. Jay Long, a white man, was wounded in an earlier attack. Police reinforcements early this morning dispersed the mob of negroes and shortly after 3 a. m., Mayor Mollman asked Governor Lowden to send National Guardsmen here to preserve order.

Two companies of the guard—one from Effingham and one from Carbondale—arrived at 9:30 a. m., and were assigned to duty in the negro quarter. Later crowds began gathering and encouraged by the absence of the troops from the downtown section agitators began inflaming the mob. The first trouble occurred when a negro appeared at one of the busiest corners, a street car transfer point. A white man struck the negro in the face and others in the crowd knocked him down and kicked him. As he lay in the street a white man fired at him five times. Two of the shots took effect, one in the arm and one in the leg. As the crowd fell back the negro jumped up and ran. This negro said he had no part in previous race troubles. A little later a white man standing in front of a hotel fired at a negro but missed him and wounded a white man, Louis Haege, aged 65, in the groin.

The police arrested the man who fired the shot, but the mob forced the officers to releaes him. Later a man whom the police say was the one who shot Haege was found haranguing a street crowd and was lodged in jail.

Seem to Arouse Mobs.

One of the national guard companies then was ordered to the business section from the negro quarter, but the arrival of the troops seemed to arouse the increasing mobs to further aggression. White men stopped street cars, dragged out negroes, pelted them with stones and paving bricks. By eight o'clock eight negroes were in hospitals and the police and guardsmen seemed to have lost control.

No accurate count of the number of negroes attacked was obtainable.

At 1:30 o'clock the rioting became more serious. An Edwardsville car was stopped, the trolley was pulled from the wire and a mob of white men invaded the coach finding one negro who was taken off beaten and kicked and then shot. He died in an ambulance. While this disturbance was raging a Belleville car was halted while women and girls boarded it and seizing shrieking negro women dragged them into the streets where they were pounded and kicked.

A few minutes later as a crowd was attacking negroes one black was shot in the head. The crowd cheered as policemen put him in an ambulance. National Guardsmen witnessed this scene but did nothing to disperse the mob it is said.

Negro Dies in Ambulance.

One negro man who was taken from the car which women rioters first invaded was beaten with a heavy club. He died in an ambulance. Some of the men in the mob began to fire as the negroes were dragged from the cars. William Keyser, a hardware merchant, was standing in front of his store watching the rioting when a stray bullet pierced his lung. He was hurried into an ambulance, but died on the way to a hospital.

But this time four companies of the Illinois National Guard were patrolling the streets, apparently with little effect on the mob.

Fred Thayer a white man was sitting in a second story window when he was hit by a stray bullet. The mob seemed further than ever from control, orders were given to hurry as many negroes as possible out of the city.

One negro who had gone to the union station, was shot and killed as he was waiting for a train to take him out of town. About 5 o'clock a mob raided the pawn shop of M. Ettman and carried away rifles and revolvers.

Eleven Companies on Duty

Springfield, Ill., July 2—According to Col. Richings J. Shand, in charge of the adjutant general's office during eneral Dickson's absence in East St. Louis, there are now eleven companies of Illinois troops in the riot city, with three more on the way. The troops already there are:

Company I, of Vandalia; G, of Effingham; B of Newton; F. of Benton; H of Shelbyville; E of Carbondale, all of the fourth Illinois Infantry; which were ordered at 3:15 this morning and Company A of Casey; C of Sullivan; L of Olney also of the fourth. There were two companies encamped in the city precious to the riot.

Company F of Pontiac, numbering 55 men and Company L of Kankakee 110 strong, both of the third infantry, and Company D of Paris, fourth infantry, fifty strong, are on the way. No additional traaps will be ordered out tonight Colonel Shand having received word from Colonel Tripp at 12:05 that the troops had the situation under control.

TO INSTITUTE CAMPAIGN AGAINST YELLOW FEVER

Cuban Director of Sanitation Granted Authority by International Health Board of Rockefeller Foundation to Undertake Work in Other Countries.

Havana, Cuba., July 2.—Dr. Juan Guiteras, the Cuban Director of Sanitation, has received authority from the International Health Board of the Rockefeller Foundation to institute a campaign in other countries to stamp out yellow fever. President Menocal has granted him leave of absence to enable him to undertake the work. Dr. Guiteras expects to be absent from this city about five months.

The Cuban sanitary official is regarded not only here but in the United States as an expert on methods of fighting yellow fever. As a member of the Yellow Fever Commission of the International Health Board he visited South American cities last year to aid in suppressing the spread of the disease there.

Major General William C. Corgas, chairman of the Yellow Fever Commission, has written to Dr. Guiteras giving to him full authority to investigate yellow fever conditions wherever they may be found in other countries, and to make any suggestions that he may see fit toward the extermination of this disease.

Director Taylor of Las Animus hospital here is likewise co-operating with Dr. Guiteras in this work. For the present it is proposed to start the scientific researches on the island of Martinique and in Maracaibo. The Rockefeller Foundation has consigned to Dr. Guiteras all the scientific apparatus, instruments, serums and toxins necessary for the investigation. Dr. Guiteras will leave Havana early this week for Maracaibo by way of Porto Rico. An eminent corps of sanitarians, physicians and civil assistants will accompany him.

SOME NEW STATE LAWS HELP THE FARM

Mention Made of Legislation Which Directly Affects Those Living in Rural Preceincts.

The Galesburg Republican Register mentions the following laws passed by the last general assembly and refers to them as beneficial to farmers.

"Following are some of the things that the Illinois State legislature did for the farmers of Illinois:

"Townships will have only one road commissioner after April, 1918, under the terms of the Baker law. The three-commissioner system has been productive of a great deal of petty graft, and its abolishment was a distinct victory for better local government in Illinois.

The sum of $28,000 will be appropriated annually for the next two years for the support of the county advisory work in Illinois. This money will be divided equally among the counties with recognized organizations and recognized county advisors, the basis for recognition being the same as that employed at present by the University of Illinois. This law defines the qualifications of county advisors the same as this is now defined by the University of Illinois. The handling of this $28,000 is left to the Director of Agriculture.

No seed may be sold in Illinois which contains more than one seed in 2,000 of the following noxious weeds: Buckhorn, braced plantain, sheep sorrel, Canada thistle, ox-eye daisy, cinquefoil, wild mustard, clover dodder, field dodder, corn cockle, alfalfa dodder and morning glory.

When more than one seed in 2,000 consists of any of the above weeds, a statement to that effect must be made.

'Requires percentage of germination to be stated on the tag of most of the seeds offered for sale.

Must name State and county where corn and alfalfa and clover were grown, or if not known, this fact must be so stated.

"Must name year in which seed was grown; if not known, this must be so stated.

"The Gregory law provides for hog-tight fence between farms as a legal fence. This provides that a legal fence shall be of any material so long as it is hog-tight and four and one-half feet high. This is about like the Iowa law, which has been satisfactory.

"The Hewitt bill, providing for registration of stallions standing for public service, was passed. Stallions may stand on the affidavit of their owner that they are sound, but complaints may be made against them for unsoundness at any time by anybody. This is like the Kansas law, which has proved to be satisfactory. This bill was drawn by a joint committee of horsemen and veterinarians. It also names the diseases and unsoundness which prohibit a stallion from standing at public service.

"The office of the township tax collector will soon be a thing of the past. After January, 1919, the county treasurers and sheriffs will collect taxes, and the tax collector's two per cent will be turned into useful channels.

"Under the terms of the new Dunlap law two or more adjacent school districts may join together and build a consolidated school. The proposition must, however, receive a majority of the votes from each district affected. This law greatly simplifies consolidation of schools. Just as important also is the provision that schools may haul the children to school. Under the present law the school districts can not legally do this, tho some of them do. This will help consolidation and therefore beter schools, it is believed.

TO ENCOURAGE MUSICAL GENIUS OF AMERICA

Concerted Movement Launched for Production of American Opera and Native Music — Is Patriotic and Historic Action.

New York, July 2.—A concerted movement by American composers and dramatists and leaders of national and civic musical organizations, for the production of America opera and other native music in the English tongue, will be formally launched here tomorrow.

While the offices of the organization directing the movement be in New York, its incorporators represent all sections of the country. Reginald de Koven, the composer, is chairman of the National Committee of Organization, its other members being:

Mrs. David Allen Campbell, Chicago; Charles W. Cadman, San Francisco; John Alden Carpenter, Chicago; George W. Chadwick, Boston; Frederick S. Converse, Boston; Arley, Boston; Mrs. W. A. Hinckle, Pethur Farwell, New York; Henry Hadoria, Ill.; Percy MacKaye, New York; Douglas Malloch, Chicago; W. J. McCoy, San Francisco; Max Rabinoff, New York; Joseph Redding, San Francisco; Mrs. Frank A. Seiberling, Akron, Ohio; Lee Shubert, New York; John Philip Sousa, New York; Mrs. William D. Steele, Sedalia, Mo., and David Stevens, New York.

Policy Announced.

The announced policy of the organization is to produce throughout the United States operatic works by American composers and dramatists only, acted and sung by an all-American company, with an all-American orchestra, chorus and ballet.

"It is evident," said Mr. de Koven today, "that American music never will be definitely developed by the employment of the foreign artist and the performance of foreign works. Italy, with less than a third the population of the United States, possesses sixty-three producing opera houses. The music of Germany and France has been made familiar to the world by its endorsement at home. Russian opera, similarly encouraged, now is being sung internationallly in increasing measure year by year.

"Of all the great music-loving and music-supporting nations of the earth, America alone, until now, has made no material effort for the encouragement of her native and natural musical genius.

"We have spent millions to hear foreign singers and declined to hear our own.

"The different interests which have been working separately to correct this condition now have been brought together in one organization. They are all inspired by the same ideals, the one essential hitherto lacking being co-ordination in one definite practical plan.

"This union of forces constitutes the most forward step in the development of American native music in the history of the country. The American composer and dramatist of a really notable work are now assured proper presentation, and an adequate number of performances. The American people will be permitted to enjoy music in their native tongue and to contribute to its development.

"It is a patriotic and historic movement, deserving universal American support at a time when, as never before, our national consciousness is awakening, and when we realizez that in art, as in all things, America must take her high place among the nations of the world."

GRANDMOTHER, THE PIONEER PHYSICIAN

In the good old pioneer days of this country, when drug stores were few, grandmother's root and herb remedies were what were always depended upon to bring relief for family ailments, and some of grandmother's root and herb remedies are now found upon the shelves of the modern drug store, and are among the best and most widely used prepared medicines.

Such is Lydia E. Pinkham's Vegetable Compound, a botanic remedy, originally prepared by Lydia E. Pinkham, of Lynn, Mass., over forty years ago, and which has brought health and happiness to more women in America than any other medicine.—Adv.

APPROPRIATION RECORDS OF GENERAL ASSEMBLY

Totals in Seventy Four Bills Ran to $51,581,344.38—Governor Vetoes Reduced This Sum by More than Million

The Fiftieth General Assembly passed seventy-four appropriation bills, carrying a total of $51,581,-344.38. The majority of these bills reached the governor in the closing days of the session. He vetoed bills and items aggregating $1,070,-243.33. This left the net appropriations for the entire session $50,511,-101.05.

To obtain a fair comparison of appropriations this year, the increase in appropriations in other states should be shown along with Illinois. The following table fairly illustrates the immense increase in cost of government during war times.

State	1915-17.	1917-19.
Ill.	$47,791,971.44	$50,511,101.05
Ohio	33,408,599.48	49,919,249.09
Mich.	16,713,266.00	17,416,580.31
Cal.	19,047,260.00	27,291,845.06
	1915-16.	1917-18.
Mass	*19,024,547.00	25,804,644.79

*One year.

In contrasting the appropriations of the Fiftieth General Assembly with those of the Forty-ninth General Assembly, conditions and certain items should be taken into consideration. For instance under the Civil Administrative Code passed during this session, consolidating all boards and commissions into nine departments, all funds paid into the treasuries of state institutions (other than the University of Illinois), must hereafter be paid immediately into the State treasury. In the past it has been the custom for many of these institutions to use the moneys paid to them, which were not included in the appropriations, and the public generally knew nothing of them.

A large item in the increase in appropriations this year is found for instance in the industrial funds appropriated as working capital for the penal and reformatory institutions, the normal schools and the Illinois and Michigan Canal. These appropriations aggregate $1,214,786.

Then there were defficiency appropriations necessary because of large expenditures during the past two years, which made it necessary for the Legislature to pass twenty measunres for relief of the different departments and boards, appropriating in all to them $1,354,234.78.

In previous sessions it has been the custom for Legislatures to appropriate "unexpended balances" of previous appropriations. The amount of these balances was not shown. This year it was held necessary to state the exact amount of the re-appropriations. They aggregated $1,-578,605.93.

In addition to increasing the cost of commodities, the war made additional military appropriations necessary. The Fiftieth General Assembly appropriated $800,000.00 for this purpose.

Still another item should be considered. For the first time it was necessary for the state to make an appropriation of $663,000.00 per annum, from the general fund, to meet a like amount appropriated by the Federal Government, for the construction of public highways. These appropriations for the two years appear for the first time, and total $1,-326,000.00. The following table shows these appropriations together:

Industrial fund for prisons, reformatories, normal schools, and Illinois and Michigan Canal receipts	$1,214,786.00
The deficiency appropriations	1,354,234.78
Re-appropriations of funds appropriated two years ago	1,578,605.93
Federal aid appropriations for good roads (first time)	1,326,000.00
Unusual military appropriations	800,000.00
	$6,273,626.71
Deducting the $6,273,-616.71 from the net appropriations for the Fiftieth General Assembly, $50,511,-101.05, the appropriation for the customary purposes in the management of the State affairs would be	44,237,474.34
This would leave the general appropriation for the present session	3,554,497.10
Less than those made by the Forty-ninth General Assembly.	

The following table will show a fair comparison of appropriations for the last biennium with the appropriation made by the Fiftieth General Assembly for the coming two years:

Charitable Institutions

For ordinary expenses, 1915, $8,-710,782.80; 1917, $10,268,563.00.

For buildings etc., 1917, $2,025,-282.08; 1917, $761,200.00.

Deficiency appropriation, 1915, $533,520.92.

Total, 1915, $11,269,585.00; 1917 $11,029,763.00.

Penal and Reformatory Institutions

For ordinary expenses, 1915, $1,-524,268.16; 1917, $2,740,014.10.

Deficiency appropriation, 1915, $230,000.00; 1917, $45,000.00.

Total, 1915, $1,754,268.16; 1917, $2,785,014.00.

Normal Schools Appropriations

For normal schools, 1915-1917, $1,544,469.12; 1917-1919, $1,665,-771.02.

The appropriation for penal and reformatory institutions and for normal schools in 1917 are not comparable with those made in 1915, because of the industrial funds listed on page 2 of this note.

The Fiftieth General Assembly passed 407 bills, the Governor signed 225 and vetoed 69, he permitted 113 to become laws without his signature. At the close of the session 369 bills were left for the Governor to review and pass on in ten days.

CHARGED WITH SELLING LIQUOR IN ANTI-SALOON TERRITORY

Walter, alias "Pete" Haxton was arrested Monday by Chief Davis on the charge of selling liquor in anti-saloon territory. It is not known yet whether his case will be heard in a justice court or whether information will be filed by the state's attorney in the county court. He gave bond in the sum of $200 with Louis Freitag as surety. Haxton is one of the few in Jacksonville with a government license. Chief Davis has a good line of evidence in this case which he has been holding in readiness for a num-

Juice of Lemons! How to Make Skin White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, arms and hands. It should naturally bring out the roses and beauty of any skin. It is truly marvelous to smoothen rough, red hands. — Adv.

LITERBERRY BAPTIST MISSION CIRCLE MEETS

Mrs. Gottschall Hostess at Profitable Session—Mrs. Ernest Young Surprised on Birthday—Interest in Red Cross Continues—Other Literberry Notes.

Literberry, July 2.—The Womans Baptist Mission Circle met on Friday afternoon with Mrs. H. H. Gottschall in "timber-edge" home. There were 13 members present. The meeting was interesting and profitable. Refreshments were served after the lesson reading and were of the best.

Dues were paid and the meet closed. The circle will meet in August with Mrs. James Lowden and daughter Mary of Cedar Ridge.

Mr. and Mrs. John Becker and family of Alexander came up to Literberry Sunday morning and attended services at the Baptist church.

Mr. and Mrs. A. H. Cofffman drove out to Literberry Sunday morning and took dinner with friends.

Miss Inez Zirkle of "Forest Home" was calling on friends here Wednesday. She also took a lesson in music from Miss Pong of Jacksonville.

Miss Ellen Scribner of North Prairie came over Saturday to visit home folks until Sunday evening.

Some of our people attended the funeral of Mrs. Louise Conover on Sunday afternoon at Ashland.

Rev. Smith of Decatur gave a fine address to the Literberry people Sunday evening on the liquor question.

Mrs. Ernest Young of "Twin Poplars" had a birthday on Wednesday and her friends prepared an elaborate dinner and, dinner and friends, all met at her home about noon, and then there was a time. Mrs. Young was surprised, but she was glad to see the friends and they proceeded to lay the cloth and set out the good things to eat, until the table was filled. Everybody had a good appetite and of course there was a good time for all. Mrs. Young expects to have another birthday next year and perhaps another fine dinner. Those present were Mr. and Mrs. W. W. Young and children, Uncle Riley Young, Mr. and Mrs. John Young and Miss Helen of Literberry, Miss Edith Yancy of Yatesville, Mr. Williard Young (Sen) of Jacksonville, Mrs. and Mrs. Doc. Liter and family of Ashland.

Mr. Chard Conover had the misfortune to lose his fine country residence by fire on Sunday afternoon. Roy Conover occupied the house, and the other brother, Fred, also had goods stored in the building, so the loss falls on the father and two sons. The neighbors tried to save the goods and succeeded in saving a part. The family were at the funeral of Mr. Conover at the time of the fire, so the loss comes harder at this sad time. They have the sympathy of the community.

There is still a great interest in the Red Cross work and many more have signified their willingness to join.

PLAN HOMECOMING DAY.

At the regular meeting of the official board of Centenary M. E church Monday evening, plans were announced for a home-coming day the first Sunday in September, when reports will be presented of all branches of church activity and the work of the twelvemonth will be summarized. This will be the last Sunday of the conference year and an appropriate program will accompany the reading of reports.

RED CROSS SOCIETY GAVE ENTERTAINMENT

The Red Cross society of the Sacred Heart church of Franklin gave an entertainment in the park in that city Saturday evening which proved most successful in every way. There was a large attendance and quite a sum was realized for the society from the sale of refreshments. During the evening a number of addresses were made. Rev. Father Smith acted as chairman and introduced the speakers. Addresses were made by Prof. Kemp of Wesleyan university of Bloomington, Rev. Mr. Jarmar, the Rev. Mr. Keenan and O. E. Tandy of this city.

ALEXANDER BALL CLUB.

The Alexander baseball club have scheduled a game with the team of St. Joseph's, Springfield, next Sunday on the Alexander diamond. As the Alexander team has never this season been beaten and the Springfield players are confident of success, a game of more than usual interest is looked for. The Bunny team, scheduled for last Sunday, could not come on account of weather conditions.

COUNCIL PASSES ELECTION ORDINANCE

People Will Vote July 24th On Bonds for Fire Department Motorization and To Cover Bond Deficiency—Monthly Officers' Reports Presented.

At the council session Monday morning the ordinance calling a special election for motorization of the fire department was given a second reading, as was the ordinance providing for the issuance of bonds to take care of public improvement bond deficiency. Both questions will be submitted to the voters Tuesday, July 24. An ordinance providing for a sidewalk on Hardin avenue was given the first reading.

An ordinance has previously been passed for this sidewalk but because of some differences of opinion among property owners as to where the walks should be placed it was deemed advisable to redraft the ordinance. Reports of officers were read by R. L. Pyatt, city clerk, and were approved. On motion of Mr. Widmayer all properly approved bills were ordered paid.

Garbage Collection Begins

Mr. Martin reported that the chemical tank which had been sent away for repairs had been received and was again in use. He referred to work in connection with garbage collection and said that the amount now being taken up is from 40 to 75 gallons a day. It is the expectation that this amount will be considerably larger as soon as the routes have been permanently established and people understand the service. Mr. Martin said that thus far people seem to be well pleased with the service and that a number had spoken in commendation of it.

It will be necessary for the citizen who expects the city to haul away his garbage and rubbish not to have it removed in other ways part of the time, as the city workers must necessarily follow systematic routes. It will be necessary, too, for the department to have some idea of how great a quantity of garbage will be available, whether it is eventually determined to feed this garbage on the city lot or to sell it for feeding purposes. Mr. Cox reported that the brook bridge on Lurton street had been repaired and that the work on South Diamond street was almost completed.

Mr. Vasconcellos referred to the work of repairing the dam at the south side pumping station which is almost completed. The recent heavy rains impeded this work and in fact, washed out a part of it. He referred to conditions at Morgan lake and said if the city is going to use this as a permanent source of supply that it will be necessary to repair some of the leaks as a good deal of water is now being wasted. Mr. Vasconcellos mentioned work done in cleaning up reservoir park and said he hoped that eventually this park could be placed in the hands of the park board to care for just as they do with the other parks.

Well Drilling To Begin.

Mr. Vasconcellos also reported that the contractor who is to sink some wells at the north side station was here a day or two since to look over the ground and will bring his equipment here very soon. Mention was made by Mr. Widmayer that the city attorney advised that it would be possible to pay certain of the bonds for the East College street pavement, the money for which is now on hand. In the past the custom has been to give notice of such payments only at a fixed period of the year.

The ordinance providing an election to be held on the proposed issuance of $17,000 for the motorization of the fire department was given a second reading. The same action was taken with reference to the ordinance providing for the issuance of $23,000 of bonds to pay public improvement bond deficiency. Both of these ordinances fixed the election for Tuesday, July 24. They are published in their entirety on another page.

Officers' Report.

Officers' reports were presented as follows:

John Pires, sexton at Jacksonville cemetery, reported eight graves made during the month of June and Harry Summers, sexton at Diamond Grove cemetery, reported nine graves made.

Collections made by R. L. Pyatt, city clerk, were as follows: Thru his office, $57.55; Jacksonville cemetery, $110.40; Diamond Grove cemetery, $233.50.

W. H. Cobb, water superintendent, reported rents collected $2,367.63; meters sold, $44.50; taps made, $27; total, $2,455.52.

Miss Emma Weller's report mentioned the cases of several children who have been given proper attention.

John W. Flynn of Denver, Colo., spent Sunday and Monday in the city with his parents, Mr. and Mrs. James Flynn of South West street.

E. Austin of Chicago is in the city for a visit with relatives.

NOTICE OF EXAMINATION

Examination for teachers' certificates will be held in the office of the county superintendent, Thursday and Friday, July 12th and 13th. All persons expecting to take the examination are required to file application blanks. Saturday, July 7, will be the day for filling and filing blanks. For further information call or write H. H. Vasconcellos, county superintendent of schools.

WILL THRESH WITH OIL TRACTOR

Richard Day has purchased a model F oil pull tractor which he will use for threshing this season. This engine runs on a cheap grade of oil and Mr. Day is expecting to make considerable saving since coal is so high in price. In addition he will avoid the job of hauling coal at threshing time.

Walter Wheeler and family of Sinclair were recent visitors at the home of Charles Spiker in the Appalonia neighborhood.

FUNERALS

Mitchell

The funeral of Howard Mitchell was held from Gillham's undertaking parlors Monday afternoon at 4 o'clock in charge of the Rev. E. B. Landis, pastor of Westminster Presbyterian church. Funeral services for John Onken were held from the residence in Chapin Sunday afternoon at 1 o'clock in charge of the Rev. Mr. Herbert assisted by the Rev. Mr. Hadaway. Music was furnished by Mrs. H. A. Smith, Mrs. Fred Eiler, Henry Perbix and Montie Funk. There were many beautiful floral offerings and these were cared for by Misses Johanna Onken, Isabel Fox, Hermine Fahlbush and Lucille Fox. Burial was in Diamond Grove cemetery the bearers being A. Allen, H. Tucker, H. A. Smith, Elmer Sidles, J. M. Fox and E. Nienheuser.

Morrison.

Funeral services for Mrs. Sarah C. Morrison were held Monday afternoon at 3 o'clock at the M. E. church in Concord, in charge of the Rev. W. P. Bowman, assisted by the Rev. C. A. Fairchild and the Rev. C. G. Cantrell. Appropriate music was furnished by Mrs. R. Lewis, Mrs. Webb, Mrs. George Johnson, Miss Alma Deterding, C. O. Bayless, P. R. Lewis and G. F. Lewis, with Mrs. Alice Bowman at the piano. The hymns sung were "Asleep in Jesus," "Rifted Rock" and "Be Silent." The many beautiful floral offerings were cared for by Miss Ollie Morrison, Mrs. A. J. Meyer, Caspar, Wyo., Mrs. Raymond Smith and Mrs. J. O. Rexroat.

After the service in the church the body was conveyed to Concord cemetery and laid to rest, Mr. Bowman and Mr. Fairchild having charge of the service at the grave. The bearers were C. E. Rexroat, J. O. Rexroat, Raymond Smith, Otis Smith, Jesse Morrison and Louis Brown.

H. J. & L. M. Smith close all day July Fourth.

JUSTICE COURT

W. H. Algrenn was arrested by Deputy Sheriff Stice yesterday for drunkenness and in Squire Dyer's court was fined $1 and costs. The offender was a non-resident.

PIKES PEAK AUTOISTS WILL COME TODAY

Local Men Will Meet Travelers from Indianapolis To Colorado Springs.

A committee representing Jacksonville business men and automoblists will travel out this morning to meet car owners who started from Indianapolis yesterday on the Pike's Peak Ocean to Ocean highway en route to Colorado Springs. The Jacksonville party will include Felix E. Farrell, who will drive the Crabtree car; Mayor H. J. Rodgers; F. J. Heinl, who is division president of the Ocean to Ocean highway; John J. Reeve, president of the Clvamber of Commerce, and Carl H. Weber, president of the Burlington Way association. The autoists who are coming are en route to the "world's highest" good roads meeting which will be held on the summit of Pike's Peak and they expect to reach Colorado Springs next Sunday, July 8.

The journey west is termed a "sociability" tour as the original party starting from Indianapolis will make many stops en route with the expectation that many car owners will join them during the week and that a large delegation will eventually reach Colorado. The schedule calls for arrival in Jacksonville this morning at 8:30, so the Jacksonville party will start from Farrell & Co.'s bank this morning at 8:15. The following are paragraphs from the official call which explains the purpose of the good roads meeting which will be held Tuesday, July 10.

"So great has been the development of good roads in the United States within the last few years that it is today possible to start an automobile from the shores of either the Atlantic or the Pacific Ocean and to drive that car, on its own power, every foot of the way to the summit of America's Most Famous Mountain, 14,109 feet above the starting point at sea level.

"To signalize this epoch in American road-building and to commemorate the joining together of the two oceans thru the completion of the organization of the Pikes Peak Ocean-to-Ocean Highway—destined to become 'The Appian Way of America'—there will be held on the Summit of Pikes Peak on July 10th and 11th, 1917, the highest good roads meeting in the history of the world—this being the annual midsummer session of the Pikes Peak Ocean-to-Ocean Highway association.

"In times of peace, improved highways are essential to the greatest development of our Nation. In times of war, thru trunk lines connecting the East and the West are imperative. A direct central route is available in the Pikes Peak Ocean to-Ocean Highway. To such service as will make this transcontinental highway better usable in our present national crisis will the delegates at this convention devote their attention."

REGISTRATION BOARD OFFICERS ARE CHOSEN

Miller Weir Named for Chairmanship—Records Must Be Forwarded to Washington by July 7th—Offices in Ayers National Bank Building

The Morgan county exemption board, which is now legally known as the local board for Morgan county, state of Illinois, was organized yesterday. Miller Weir was chosen as chairman and executive officer, W. N. Hailgrove secretary and legal counselor and Dr. Carl E. Black medical adviser. The members of the board had familiarized themselves with the immediate duties of board members and discussed at some length various points in the rules and regulations by the department at Washington. This board now becomes the registration board for this county, automatically succeeding the registration board as originally constituted. Therefore the registration cards and duplicates and other records were turned over to this board by C. A. Boruff, who as county clerk served as recording officer of the board as first constituted. An office will be opened at once in the Ayers National bank building and the clerical work will, for the present at least, be done in the offices of Dr. Black.

The registration cards will probably be kept in the office of Mr. Boruff, as he has fire proof boxes where they can be stored with certain safety. As previously stated, the board must immediately number serially the registration cards and duplicates made by the original registration board and then make four copies of the names. One of these copies will be posted, a second will be given to the newspapers for publication, the third will be sent to Washington and the fourth kept in the records of the board. It is necessary for all of this work to be done by next Saturday, July 7. When the draft is made in Washington and the numbers published, those numbers will apply to every unit in the U. S. If the men drafted have claims for exemption, such claims will be heard. According to the proclamation issued by the president yesterday only a verw few classes are exempt from service. The local board will have a very busy week in getting the records into shape for forwarding to Washington and work of a more serious kind will face them later on.

ELLIOTT STATE BANK

Savings Deposits made during the first ten days of JULY will bear interest from the FIRST of the month.

WINCHESTER

Dell Hazlerigg sold his meat market to Abe Scott and son, Otis, according to the terms of a deal completed Monday.

Jack Hudson, wife and baby returned Monday to their home in Markham after a visit with the family of Douglas Tankersley.

Miss Anna Munze arrived home Monday from Chicago for a visit of two weeks with her parents.

Mr. and Mrs. S. E. Wilkinson of Peoria is here for a visit with relatives.

The workman who for several days have been widening the ditches on Prairie street, finished their work Monday.

Mr. and Mrs. N. T. Lashmet have added a new front porch to their home. A new coat of paint and other improvements will enhance the appearance of the property in question.

Sunday evening the young people of the Baptist church here gave an excellent program of musical and literary numbers. At the close, the Rev. W. R. Johnson made announcement of a committee to arrange for such a program Sunday.

Elmer Roosa arrived Monday afternoon from Canton and will be in Winchester several days.

Our store will close at noon on July 4th. T. M. TOMLINSON, the 100% Pure Wool Store.

FRIDAY SOCIAL CLUB

The Friday social club will hold a meeting at the home of Mrs. T. M. Walsh, 710 West North Street, Friday afternoon. Members are requested to bring needles and thimbles for Red Cross work. At a recent meeting, held with Mrs. E. O. Mayer, it was decided to gather for this purpose each Friday during the summer.

TO WEST VIRGINIA

Mr. and Mrs. W. H. Lindenman and daughter, Virginia, left Monday forenoon for Reading, Penna., to make their home. Mr. Lindeman has a position there as general supervisor of the International Money Machine Co. Mr. and Mrs. Lindeman have completed a visit with the parents of Mrs. Lindeman, Mr. and Mrs. G. L. Hoover, 340 East College street.

HERMAN'S READY - TO - WEAR STORE WILL BE CLOSED ALL DAY JULY FOURTH.

GOOD MONEY RETURNS FROM SHEEP

Charles B. Joy of the Joy Prairie neighborhood, is one of the fortunate Morgan county farmers who has sheep this year. Recently Mr. Joy had the animals sheared and he disposed of the wool at the remarkably high price of 65c a pound. There were seventy five animals in the flock so it can easily be figured that Mr. Joy's sale of wool ran to good figures. From one ram, the largest animal in the flock, the value of the fleece was $21.12½.

Rev. and Mrs. J. O. Kirkpatrick will leave today for Chicago, where Mrs. Kirkpatrick will enter a hospital. Mrs. Kirkpatrick has a sister in Chicago and is choosing a hospital there for that reason.

WOOD RIVER BAPTISTS CONTINUE SESSIONS

Officers and Committee Chairmen Selected—"Mothers' and Fathers' Union" Meets

Delegates to the Wood River Baptist Sunday School association continued to arrive Monday and still more are expected today. The program Monday at Mt. Emory church was an interesting one and each of the remaining days will have a special feature. Today the teachers' institute will be held. Wednesday will be dedicated to the B. Y. P. U. and Thursday and Friday will be devoted to Sunday school interests solely.

Fifty delegates from sixteen different societies compose the organization of the Mothers' and Fathers' Union, an auxiliary of the Wood River Baptist Sunday School convention.

The convention was called to order Monday afternoon at 2:30 o'clock by the vice president, Mrs. J. T. Coleman. Devotional exercises were conducted by Mrs. Augustus Hayes of Hillsboro and Mrs. Pauline Moore of Jacksonville. Mrs Alberta McKenzie of East St. Louis was elected secretary. The Rev. W. H. Snowden of Paris was elected reporter. The president appointed Mrs. F. E. Cook of Quincy and Mrs. Pauline Basset of Moline to be the enrollment committee. Rev. Mr. Madison, Mrs. A. Hayes and Mrs. L. Lafayette are the finance committee. The Rev. W. H. Snowden, E. B. M. Scott and Mrs. Sallie McDaniel, Mrs. Jennie Freeman and Mrs. Laura Lafayette were the committee on invitation. "Mothers" was the subject of the Rev. W. B. M. Scott in the course of the session. Mrs. F. E. Cook, children's director for Illinois, with several children, rendered a program of half hour's length.

The Rev. E. H. Fletcher preached the sermon and the president delivered his annual address. The Rev. E. L. Scruggs addressed the union on the subject, "The Father a Companion to his Boys."

WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

George P. Davis, Chief of Police.

WESTMINSTER PICNIC

Members of Westminster Sunday school and congregation will enjoy a picnic Fourth of July in a grove belonging to John Flinn near Clements station on the C. & A. cut-off. W. J. Brady, superintendent of the Sunday school, together with Dr. E. B. Landis and various committees, is arranging for this event and all pupils of the school will be taken to the picnic ground in automobiles. They will start from the church at 8:30 Wednesday morning and plan to spend the entire day in the woods. There will be various games for the boys and girls and fishing is said to be good in Mr. Flinn's pond. Altogether the plans are such that Westminster people expect to have a glorious good time.

Gay's Reliable Hardware closes all day the Fourth.

CHARGED WITH THREATS TO KILL.

Everett Grimsley was arrested Monday by deputy sheriff George Stice charged with disturbing the peace and making threats to kill. The complaining witness was John N. McCormick. Grimsley was taken before Justice Dyer Monday evening and his bond fixed at $200 and his hearing set for Friday afternoon, July 6th, at 2 o'clock. Being unable to furnish bond he was committed to jail.

Both of the parties reside in the vicinity of Murrayville. It is alleged that Grimsley went to McCormick's residence Sunday and tried to force his way into the house. When McCormick remonstrated with Grimsley and it is alleged that he made threats and drew a gun and also created a good deal of disturbance.

MADE GOOD RUN

Mr. and Mrs. F. J. Andrews received a telegram Monday evening from their son LaFount Andrews announcing his arrival at Rockford. Mr. Andrews accompanied by James Capps, Jr., left Jacksonville Monday morning at 5 o'clock in Mr. Andrews' car for Waupaca, Wis. They made excellent time in reaching Rockford the first day and found the roads in excellent condition except near Bloomington. They expect to reach their destination today.

B. V. D. union suits, $1.00 at TOMLINSON'S.

BOOKS GREAT PICTURE.

Altho of such recent happening, Manager Luttrell of the Majestic, has booked "The Landing of Pershing's Troops" for exhibition at the Majestic Wednesday and Thursday of this week. The Universal Film company had artists on the other side ready to take the pictures when the troops arrived and immediately afterward a way was found for forwarding the films to this country. Thus Jacksonville people will have this early opportunity of seeing those historic pictures.

ATTENTION G. A. R.

Members of Matt Starr Post G. A. R. and visiting veterans are requested to meet at the undertaking parlors of . . W. Gillham at 12:30 p. m. today for the purpose of attending the funeral of Comrade John Hickman. The remains will be taken by automobile to Hebron for services there later.

George Faul, Commander.
C. E. McDougall, Adjutant.

JULY FOURTH PLANS ARE COMPLETED

Program of Sports and Games Will Please Children — Great Pictures Will Be Shown at Night.

The people of Jacksonville can hardly realize the fine spectacle they are to witness at Nichols park Wednesday on the occasion of our nation's birthday. The children's games in the afternoon will be interesting and the grand exhibition, "Heroic France," in the evening, will be superb, at the same time instructive. It will be arranged on the north border of the lake and so that a vast audience will be able to enjoy it and that without cost. There should be an attendance of many thousands present on that occasion.

The spectacle has been witnessed by tens of thousands in the east and all who have seen it are loud in its praises and are always ready to see it again. Let no one stay away from this great attraction.

The program of athletic events was arranged by Prof. T. P. Carter and H. A. Brewer, athletic director of the Y. M. C. A. It contains many events of interest and some liberal prizes have been contributed by merchants of the city.

In addition to the athletic program at the park there will be a baseball game on the morning of the Fourth. This game will be played on the Jacksonville State Hospital grounds between two picked teams from all of the teams in the Twilight league.

The athletic events and the prizes are given hereunder:

50 yard dash—Boys 10 to 14 years; belt, T. M. Tomlinson.

100 yard dash—Boys 10 to 14 years; neck tie, J. W. Lane.

We are going to show it to you Wednesday, July 4th, the funniest two reel comedy made —"The House of Terrible Scandals." Scott's Theatre.

ACCIDENTAL SHOOTING.

Carl Jones' son, Clyde, is at Our Savior's hospital suffering with a bad wound in his left knee as the result of an accidental shot from a 22 caliber rifle in the hands of his brother Cameron. The rifle was loaded and young Cameron was attempting to extract the load when by some means it was discharged. The other boy was sitting near by and the ball entered his left knee making a bad wound. The child was quickly hastened to the hospital, where medical help was summoned and everything possible done for the little sufferer who is getting along as well as can be expected and will probably not be permanently lame. The accident happened at Mr. Jones' home near the Gravel Springs and was a singular affair. Mr. Jones says his son was an expert with the gun and very careful and the accident was one of the strange things that will happen with the most careful of people.

Bergschneider and Kumle, M. R. Fitch, and L. A. Barnhart Groceries will be closed all day July 4th.

PROBATE COURT

In the estate of Louise Irene Nergenah, petition to sell real estate to pay debts was allowed. John M. Butler yas appointed guardian ad litem for Wanda I. Briggs, minor defendant, and for Russell Nergenah, incompetent, J. P. Lippincott appearing in behalf of Louise Nergenah.

In the estate of Thomas McLamar, on the petition to sell real estate to pay debts a decree was entered.

In the estate of Patrick Collins, the final report of Edward Collins as executor was approved and the estate was declared closed.

In the estate of Samuel McColley, the inventory was approved.

CONOVER HOME NEAR VIRGINIA BURNED

Residence Caught Fire During Electrical Storm and Was Entirely Destroyed.

When Roy Conover, who resides on the old Conover homestead six miles south of Virginia returned home Sunday evening from Ashland he found his home in ruins.

Mr. Conover had been in Ashland Sunday to attend the funeral of his mother. Sunday afternoon during a severe electrical storm lightning struck the house and it was entirely destroyed together with most of the contents. The fire was first discovered by Charles Wright who is in the employ of Mr. Conover and resides in a tenant house a short distance from the main residence. The flames had gained such headway before help could be summoned that but little was saved.

The farm is known as the old Conover farm and consists of 400 acres. It is owned by Charles Conover of Ashland and is being farmed by his son Roy Conover. The house was a substantial two story building containing thirteen rooms and was valued at $4,000. It is understood that only $200 insurance was carried on the building and nothing on the contents.

RETURNS FROM NORTH

Mr. and Mrs. Daniel E. Sweeney returned yesterday from Rochester, Minn., where they went to be present when their daughter, Miss Anna Sweeney, took the vows by which she became a sister in the Order of St. Francis. The Jacksonville young woman took the name of Sister Jane Francis and she was assigned to duty as a teacher of Latin in the seminary at Winona, Minn. She has been teaching work for a number years past with great success because of her devotion and ability. She is now giving further indication of her devotion to this work by taking the vows which mean that thru all the years to come she will devote all her talent and energy to this service without pay. Mr. and Mrs. Sweeney visited friends in St. Paul and Minneapolis while away.

Our store will be closed all day the 4th.

TO PUSH CONSTRUCTION OF ARMY CANTONMENT

Site at Louisville, Ky., Offers Unusually Good Facilities—Buildings to be Erected in Twelve Weeks' Time.

Louisville, Ky., July 2.—Feverish preparations are already under way for the construction in twelve weeks at Audubon Park within six miles of the heart of Louisville, of cantonments at which Kentucky and Indiana troops of the selective army will be trained. Here will rise a city composed of about 1,200 buildings for the housing and care of more thon 37,000 men who will compose the ninth division of the new army. All must be ready by September 1.

In conjunction with the construction of the cantonments will go a tremendous amount of work by authorities of the City of Louisville, and Jefferson county, and by public utility interests, that Louisville may redeem its promise to the War Department to furnish a site and proper facilities.

The site itself lies on gently rolling ground with almost perfect storm drainage and covers approximately 2,000 acres. It is divided almost in half by the tracks of the Southern Railway, which has physical connection with every other railroad entering Louisville. On one side of the railroad tracks will rise the contonments. Ou the other is a big maneuver field nearly rectangular, having a hard soil with a minimum of trees, tho with enough shade about its edges for resting purposes. That part of the tract upon which the cantonments will be placed is broken up into three plateaus in such positions that the buildings for an entire brigade may be placed on each.

The Nearby Country.

Metal surfaced roads lead southward from the cantonments into a broken sparsely settled country available at all seasons for practice marching and extensive field maneuvers. This broken section which extends for miles also offers, army officers say, unusually good facilities for artillery ranges. Several good rifle ranges also lie within convenient distonce of the cantonment site, all backed up by hills ranging from 100 to 500 feet in height.

James B. Wilson, chief engineer of the Louisville Water Company, has charge of the construction work, and he, in conjunction with Harlan P. Kelsey, of Salem, Mass., an expert in town planning, is busy determining the placing of the buildings to conform with the topography.

Material has already been ossembled by the Louisville Railway company for a two mile double track extension of one of its traction lines to the cantonments, and a five cent fare into Louisville will prevail. Preparations are under way by Louisville Gas and Electric company for bringing electric service to the cantonments. It is estimated that the lighting and power requirements of the soldier city will approximate 3,500 kilo-watts.

Plans for laying gas mains to furnish natural gas for heating and ooking purposes are being held in abeyance pending the decision of the War Department as to the character of fuel which will be used. Filtered water will be furnished by the Louisville Water Company to the quantity of more than 2,500,000 gallons daily and work on the mains will begin soon. City and county authorities will construct sewers which will connect with the sanitary sewers of Louisville.

All this work will be carried to confines of the cantonment site at no expense to the government, and the site itself will be furnished at no cost for two years and thereafter at a nominal yearly rental.

SALE OF DAIRY COWS

WILL ENLARGE CREAMERY

Swift and company have let a contract to Joseph DeGoveia for the erection of an extension to the creamery department and for a new butter cooler. The creamery extension will be 26 by 37 feet and the butter cooler 10 by 20 feet. The buildings will be constructed of brick and concrete. Mr. DeGoveia will commence work this morning and expects to have the improvements completed by August 15.

The First Cry

Every woman's sympathy responds to the sweetness of a baby's voice. The little cry that echoes with the arrival of the new baby is perhaps the fondest and most cherished recollection of our lives.

Thousands of mothers owe their preservation to health and strength to the wonderful preparation "Mother's Friend". This is an external application which is applied to the abdominal muscles. It relieves the tension, prevents tenderness and pain at the crisis and enables the abdomen to expand gently. The muscles contract naturally after baby arrives and the form is thus preserved.

It should be applied daily, night and morning, during the period of expectation. Its influence on the fine network of nerves and ligaments just beneath the skin is wonderful. It renders them pliant, and in this way aids nature to expand the abdomen without the usual strain when baby is born.

You will find this wonderful preparation on sale at every drug store. "Mother's Friend" is prepared by the Bradfield Regulator Co., Dept. C, 200 Lamar Building, Atlanta, Ga. They will send you an intensely interesting book, without charge, "Motherhood and the Baby". Write them to mail it to you. It is of the utmost importance that every expectant mother aid nature in her work. Do not neglect for a single night to use "Mother's Friend". It is absolutely and entirely safe.

FIVE ARMY TRAINING CAMPS IN TEXAS

Camp at San Antonio Designated as National Army Cantonment—Will Embrace Total of 11,500 Acres—Water Supply, Drainage and Moral Conditions Excellent.

Dallas, Texas, July 2.—Upwards of 125,000 men will be in training in Texas within the next few months preparatory to taking their places in the line of battle. This number is in addition to approximately 20,000 already in San Antonio, and several regiments in El Paso and along the border.

Five camps will be located in Texas. One of these, at San Antonio has been designated as a national army cantonment. Three others, at Fort Worth, Houston and Waco, will be National Guard training camps. The fifth at Leon Springs, will be for candidates for commissions in the officers reserve.

The San Antonio camp will care for about 40,000 men selected from those registering June 5. Each of the National Guard camps will care for 25,000 or more men. About 1,500 will be assigned to Leon Springs.

The Leon Springs school will open August 27 and it is expected that the San Antonio camp will open about Sept. 15—possibly two weeks later. The National Guard camps start work between July 15 and August 15.

The National Guard camp will embrace a total of 11,500 acres. The Waco camp site covers 8,000 acres; Houston, 2,000, and Fort Worth 1,500.

The Fort Worth site is on the outskirts of that city, a vast rolling prairie, touching the shores of Lake Como. One street car line already extends to the camp and another will be built. A rifle range will be established on the shores of Lake Worth.

Recently the city banished its vice district and the mayor is said to have advised the war department that it will not be permitted to return.

The site near Houston is touched by three railroads, the Missouri, Kansas & Texas; the Galveston, Houston and San Antonio, and the Houston and Texas Central. Like other sites, an ample excellent supply of water is assured, natural drainage is afforded, and assurance has been given that moral conditions will be all that can be desired.

The Waco site is just north of that city and is comprised of farm land extending from the Brazos river to the South Bosque river, the majority of the acreage being on high ground which abounds in cedar and other timber. The Cotton Belt, and Missouri, Kansas & Texas railroads will build spurs to the camp sites.

NOTICE

Property owners on all streets where new pavements are to be laid are hereby notified that all water, gas and sewer connections must be made before the pavements are put down. The city council will not permit pavements to be opened later. Connections can now be made without expense for tapping.

LIBRARIES PLANNED FOR ARMY CANTONMENTS

American Library Association War Service Committee Will Furnish Books and Erect Special Buildings for Men in Training—Sub-Committees Appointed.

Louisville, Ky., July 2.—One of the chief tasks facing the war service committee appointed by the American Library Association, which recently held its annual meeting here, will be providing libraries for the sixteen great cantonments in which members of the new national army will be trained, and for smaller military camps in various parts of the country. While the furnishing of books for the cantonments probably will be the most important work the committee will undertake, its activity will not be limited to this.

In order to facilitate the working out of its plans the committee has assigned various forms of service to individual members with power to associate others with themselves. These sub-committee appointments follow:

Finance—Dr. Frank P. Hill, librarian, Brooklyn Public Library.

Publicity—Dr. Arthur E. Bostwick, librarian, St. Louis Public Library.

Publication—George B. Utley, Secretary American Library Association Chicago.

Historical Service—Dr. Thomas M Owen, State Department of Archives, Alabama.

State Agencies—Matthew S. Dudgeon, Secretary Wisconsin Free Library Commission.

Local Agencies—Miss Gratia A. Countryman, librarian, Minneapolis Public Library.

Camp Libraries and Distribution of Books to Soldiers—Edwin H. Anderson, director New York Public Library.

Transportation—R. H. Johnston, Bureau of Railway Economics Washington.

The plan for libraries at each of the sixteen cantonments to be occupied by the new army contemplates the erection of special buildings. According to tentative plans these will be frame structures providing facilities for the care of about 10,000 volumes each. The cost of constructin and equipment of these buildings aside from the books, it is estimated will be about $10,000 each.

It is estimated that in addition to the 160,000 volumes to equip these libraries it will be necessary to provide as many more for smaller camps and stations thruout the country, and that this work with other necessary expenses will approximate $256,000.

WAR FOR DEMOCRACY WAS PASTOR'S THEME

Strong and Patriotic Sermon by Rev. R. B. Wilson at State Street Church—G. A. R. and W. R. C. Members Attended.

In spite of bad weather a good sized congregation assembled at the State Street church Sunday morning to listen to a very superior sermon by Rev. R. B. Wilson on America's contribution to the world's democracy. The church was profusely decorated with flags and national emblems conspicuous among which was a fine group of flags loaned by Mrs. Black of the Booke shoppe. The opening exercises were finely carried out as per program. Dr. Morey offered the opening prayer and Dr. Rule pronounced the benediction. Of the excellent sermon a small part is offered:

"To the G. A. R., W. R. C. and D. A. R. I extend the most cordial welcome, and the highest aspiration of my soul is that each of you may leave this place with a better appreciation of this grand republic and of the liberty which you and your fathers have vouchsafed for us. I am fully conscious of the responsibility of speaking at such a time in the world's history, but if I can magnify our duty both as individuals and as citizens of the world, we have not failed. Never in the history of our national life nor in our individual experience have we been called upon to face such a serious and solemn responsibility as that which rises before us in this day and hour.

"Never has the flag, the emblem of liberty and the very embodiment of freedom, fluttered to the breeze with such a deep sense of the meaning of life, liberty and the pursuit of happiness as today. Not only to us, the citizens of America, but to the citizens of the warring world.

Millions of Flags Floating.

"There are probably fifty million flags fluttering from public and private flagstaffs thruout the land. In cities and towns from the Atlantic to the Pacific we see them, and every one of them speaks to us in their silence as they wave in the breeze, of the exalted liberty which is ours in the land of the free and the home of the brave. The liberty which was vouchsafed to us in the past is threatened and we are summoned to its defense. The sword of treason, and cruelty, and tyranny and treachery has been lifted against us and not only us but against life and liberty in the world.

"I ask this morning, what meaneth the flying of our flag with that of other nations and ours flying today in other lands with theirs? What meaneth the soundings of the tocsin war and the tread of thousands of our soldiers in this land and France? What meaneth this call for our country for two billion dollar loan and millions loaned to countries which heretofore we endeavored to show no favors?

Principles are Assailed.

"We have but one answer, and it is this, the very principles which we as Americans have contributed to the world are assailed, namely democracy. We have risen up in our might and dignity to defend the very principles which our fathers have declared are inalienable to all men, life, liberty and the pursuit of happiness. In this world struggle to which we have pledged our lives and all is to defend that for which your fathers, Daughters of American Revolution, rose in their might at Concord and Lexington, and which was achieved at the victory of Yorktown; namely that no nation can govern another nation without the consent of the government.

"Our contention is that this nabolical and tyrannical autocracy shall and must perish now and forever from the face of the earth. What else could America do than to decide to take her stand with the allies and against a nation whose theory of faith is that might makes right. If Germany is right, then you have a world where everything goes that has the mailed fists back of it, where there is no sacredness in the pledged word, a world where the end will justify any means, where there is no sense of honor, no rights of of weaker people, no dictates of humanity to stand in the way. America today is fighting for her own rights, is fighting for the rights of the world, and the enemy of America is the enemy of man.

Has Displayed Patience.

"What greater patience could a nation display than has America toward Germany in these last three years? What more could we do when our innocent women and children have been sent to the bottom of the sea, when all laws and treaties have been treated with scorn and hatred, and broken? What else in the name of God and justice could we do than to rise in our might to defend the principles of democracy. This is a struggle to victory or to death. This tyranny and domination of Germany has drawn the sword against the very essence of the Declaration of Independence. Turn back we cannot. Turn back we will not. To turn back would be to betray the precious and priceless heritage gained by American arms at Concord and Yorktown. It would veil in shame and ignomy the victory gained by you G. A. R. at Gettysburg and Richmond. It would repudiate the victories of Americans gained at Santiago and Manila Bay. No, the embarking of soldiers upon the liberty loving land of France is our answer to Germany's effort to organize the world.

"America owes a debt of gratitude to France, which I hope she may repay at this time, for the sympathy and aid she gave in our struggle for independence. Franklin was sent by congress to ask help of Louis XVI, and France responded most nobly. She gave as a gift nine million francs and loaned about fifteen million more, and in addition Lafayette, a young man of twenty, fitted up a vessel with arms and munitions of war at his own expense and sailed for America to offer his services to Gen. Washington.

Governed Without Consent.

"I ask you this morning, what is to stop this mailed fist of Prussian military tyranny? What force can check this monster which seeks to rule the earth, the sea and the sky? What shall become of all the struggle that America has made for the past century in defense of democracy? Is this struggle now of Russia for life and freedom to be overrun by this heartless and cruel monster and shall they be governed without their consent?

"If these fail and the other wins, God has abdicated His throne, and hath given His sovereign scepter over to the Prince of Darkness and Death. An iron and hateful fate rules and not truth and righteousness. And Christ has died in vain and the day shall never dawn when peace and righteousness shall have dominion. No, this shall not be. God lives and right and freedom shall not perish from off the face of the earth.

"England and Italy and France and Russia may not be able to crush this defiant and damnable foe, but by the aid of liberty loving America it will be crushed. For this flag has never seen defeat and will not now, for we shall go forth as we have gone in other days, our eyes shall be fixed upon the eternal hills from whence cometh our help, and He who kept watch over us in the bloody Revolution and in the sixties and in our Spanish conflict will not leave us now. And we pour our men and our millions into France and Russia and wherever they are needed to settle now and for all time that right is stronger than might, and that the people shall have a government by and for them. Did our American soldiers at Valley Forge lack in endurance and valor?"

REDS TAKE RAGGED GAME FROM CHICAGO

EACH CLUB MAKES ERRORS FREQUENTLY

Several Freak Plays Happen During Game—Brooklyn Makes It Four Out of Six in the Final Game of the Series With Philadelphia

Chicago, July 2—Chicago was defeated by Cincinnati by 8 to 5 in a ragged game here today. Each club made errors frequently and several freak plays happened during the game, one of which gave Merkle a home run on a short hit to left which bounded off Thorpe's shoe and went under the fence. Doyle turned an ankle in rounding first base in the first inning and had to retire from the game.

St. Louis 6; Pittsburgh

Pittsburgh, July 2—Pittsburgh's poor fielding and the ease with which Mamaux was hit gave St. Louis today's game here 6 to 4. After St. Louis had made six runs on eight hits and four bases on balls Grimes was substituted for Mamaux and stopped the scoring. King's batting was a feature. He hit safely four times at bat and drove in three runs.

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for 2500 to 6500 more miles.

My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.

If you Haven't a Tire with a Good Tread I Can Furnish You One

PRICES FOR DOUBLE TREADING

SIZE	When you furnish both tires	When You Furnish one tire	SIZE	When you furnish both tires	When You Furnish one tire
30 x 3	$2.25	$4.00	35 x 4	$3.25	$6.25

CORN BREAKS PREVIOUS HIGH PRICE RECORDS

Quotations Close Nervous at 1½ to 2⅞ Cents Net Higher—Wheat Unsettled at 1 Cent Off to 2⅜ Cents Up

Chicago, July 2.—For the second time in two days the corn market has soared above all previous high price records. No. 2 grades reached $1.78½ a bushel today, as against a new top level of $1.76 on Saturday. Last chance activity of distillers was one of the numerous bullish factors but the main impetus seemed to come from the scarcity of supplies for immediate delivery on contracts. Options closed nervous, 1½c to 2⅞c net higher with July at $1.59¾ to $11.59⅝ and September at $1.50 to $1.50¼.

Wheat an unsettled finish one cant off to 2⅜c up at $2.01 July and $1.84⅜ September.

Oats gained ¼ to 1@1⅛c and provisions 30c to 85c.

An approach to within less than 5c of the maximum prices established for future delivery transactions formed one of the leading achievements of today's corn market. The highest quotation possible for a future option under existing board of trade war emergency rules is $1.65 and the July price heached at one time today $1.60¼. Eagerness of distillers as buyers was explained as due to their belief that near at hand final anouncement of the food control bill at Washigton would shutout until at least the end of hostilities all further opportunity for the manufacture of whiskey.

Absence of any delivery of corn here today on July contracts tended greatly to increase the anxiety o the part of shorts, who must settle in the present month as the stock of corn in Chicago has drindled to 248,000 bushels. Other fhorts whose obligations are to furnish supulies for new crop deliveries are worried in particular by a comprehensive report from a high authority indicating that the condition of 1917 growth was below normal in some of the most important producing states. Welcome rains in Oklahoma and Kansas seemed to have but slight effect in checking the advance of the market.

Wheat and oats reflected the strength of corn. Trading in wheat however was not much above zero in volume the general assumption being that complete control of the market would soon be taken over by the federal government. On the other hand business in oats was large and the value of grain was lifted especially by a good export demand.

THE TEST OF MERIT

Jacksonville People Are Given Convincing Proof.

No better test of any article can be made than the test of time and this is particularly true of a kidney medicine. Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a Jacksonville resident who used it successfully and tells of lasting results.

Read the following:

P. J. Meany, blacksmith, E. North St., Jacksonville, says: "My kidneys bothered me terribly and were irregular in action. When I bent over, my back ached. Doan's Kidney Pills regulated the action of my kidneys and stopped the pains in my back." (Statement given June 12, 1912).

NO TROUBLE SINCE.

On February 25, 1915, Mr. Meany said: "I have not had to use Doan's Kidney Pills since they cured me of kidney weakness. I have no reason to change my high opinion of this medicine."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Meany has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

NOTICE OF FINAL SETTLEMENT

In the Matter of the Estate of Charles E. Henry, Deceased.

Notice is hereby given, that we, the undersigned, executors of the last will and testament of Charles E. Henry, deceased, have caused our final report and account as such executors to be placed on file in the office of the Clerk of the County Court of Morgan County, and that we shall apply to said Court on Monday the 23rd day of July A. D., 1917, at 9 o'clock a. m. of that day, or as soon thereafter as we can be heard, for an approval of said report and account and for our final discharge, at which time and place, all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

J. L. Henry,
E. C. Ransdell,
Executors.

Mrs. J. H. Jackson of Springfield is visiting the families of J. W. Jackson on South Diamond street and John Scott west of the city.

ATHLETICS POPULAR AT NAVAL TRAINING CAMP

Participation in Contests Breaks Routine of Drill and Builds Up Muscle and Morals—Baseball and Boxing Favorite Sports—J. B. Kaufman in Charge of All Athletics.

Great Lakes, Ill., July 2—Athletic teams which would rival those of some of the more famous universities of the country are being developed at the United States Naval Training station here. In fact, under the schedule laid down by Capt. W. A. Moffett, commandant, from the time the young American slips into his bluejacket, athletics form a big part of his daily life, breaking up the routine of drill and serving to build his muscle and morals.

Eighty-two hundred men from Missouri, Illinois, Iowa, Nebraska, North Dakota, South Dakota, Ohio, Indiana, Kentucky, Minnestota, Wisconsin, Michigan and parts of other states are in training here and from the moment he enters the station a young man is encouraged to participate in athletic contests. It is argued that the skill and strength obtained in this way will stand in good stead in fighting the nation's battles.

John B. Kaufman, passed assistant surgeon, altho also engaged at the head of a hospital corps of 750 men, is in charge of all athletics. His athletic staff, composed of ensigns W. B. Edwards and W. H. Stillwell, has been aided by voluntary services of many civilians who occupy high rank in the outside athletic world.

To Have Championship Nine.

Among these is "Jimmy" Sheckard, star outfielder of the old Chicago National baseball club and now assistant manager and scout. With many college, semi-professional and amateur players in the ranks at the station, he is whipping an enviable baseball team into shape. At present there are several leagues in the various camps of the station and it is expected that the championship nine will represent sailors against outside clubs.

Martin A. Delaney, physical director of the Chicago Athletic Association, also has volunteered his services. Delaney, who was second in command of the American Olympic team at Stockholm, devoted much of his time to the first outdoor track meet of the season, in which more than 1,000 bluejackets participated. Coach E. J. Mather of Lake Forest College also is assisting with track athletics. After Lake Forest College abandoned athletics at the beginning of the war, several of his men enlisted, among them Captain J. Hollberg, of the track team, who is serving as a second class yeoman.

All Must Learn To Swim.

Coach Harry Hazelhurst, of the Hamilton club of Chicago, has enlisted in the United States Naval Reserve Force as chief yeoman and now is engaged in teaching recruits to swim. William Bachrach, of the Illinois Athletic Club, also has volunteered his services as a swimming coach and it has been announced that as soon as the waters of Lake Michigan are warm enough every man in the station will be required to demonstrate his ability to swim.

Boxing is one of the most popular sports at the station. Chief Turret Captain Jack Kennedy is in charge of this branch of athletics. Bouts are held regularly in a ring pitched in a natural amphitheater in a ravine on the reservation and thousands of persons attend them.

Almost every form of athletic competition finds its advocates here. Some of those who have claimed particular attention recently are C. C. (Pat) Smith, captain elect of the University of Michigan football eleven, who came here with the Michigan Naval Militia. Another Michigan football hero in training here is Raymond, halfback for two years. There are numbers of men who have engaged in professional wrestling matches, among them Ben Reuben, a Chicagoan, who claims the middle-weight championship. Reuben, enlisted as a second class machinist's mate, is acting as instructor of wrestling. One of his leading pupils is Wicker, formerly of the University of Indiana.

No Place for Golf

Almost the only sport for which there is no place at the station is golf and R. B. Lackman, of Kansas City, who came with the Missouri Naval Militia and was one of the best golfers of his state, said he hopes they find a place for at least a putting block.

Altho the men engage in almost all of the other branches of athletics, baseball and boxing are easily the favorites. Almost any of the daylight hours will see those men not on duty engaged in batting practice, playing catch or with a regular game in progress, while off to one side may be several men sparring. And the effects are seen in the general improvement in the health of the men. Roy Norton, who enlisted in Kansas City and claims Duluth as his home, expressed this when he said:

"I've gained ten pounds since I came here and my muscles are strong as the kick of an army mule."

WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

George P. Davis, Chief of Police.

A FINE MARKET THURSDAY.

Thursday, July 5th, the Polly Ann class of the Congregational church will have a nice market with all sorts of good things to eat at Long's east side pharmacy. Proceeds for the benefit of the Red Cross.
